UPDATED NOTICE FOR: SH 550 – LANE CLOSURES FOR MAINTENANCE

The Cameron County Regional Mobility Authority (CCRMA) would like to notify the public of an updated nighttime maintenance plan to be conducted by the Texas Department of Transportation (TxDOT) and/or their contractor along the southbound lane of SH 550 near the intersection of Dr. Hugh Emerson Road (FM 3248) and also SH 48 at the Port of Brownsville beginning Thursday, October 15, 2026, and continuing into Friday, October 16, 2026.

The closure is necessary for the installation of a large overhead roadway sign and will require a full lane closure of the SH 550 in the southbound direction near the overpass at Dr. Hugh Emerson Road. In addition to the lane closure, two southbound on-ramps will be closed near Dr. Hugh Emerson Road (FM 3248) and Old Port Isabel Road as well as one northbound off-ramp after the intersection of SH 550 and SH 48. Maintenance operations are to begin at 9:00 PM and are expected to end at 2:00 AM. An alternate connection through FM 511 will be available to facilitate southbound travel toward SH 48 during this maintenance window.

Motorists are encouraged to allow extra travel time, use caution when driving through the work zone, and follow all posted signage for their safety and the safety of maintenance crews.

For questions or additional information, please contact CCRMA at (956) 621-5573.

Additional updates will also be available on our website: www.ccrma.org.

We appreciate the public's patience and cooperation as we work to maintain and improve SH 550.
