2-E CONSIDERATION AND APPROVAL OF QUARTERLY INVESTMENT REPORT

Investment Report

TO: CCRMA Board of Directors

FROM: Victor J. Barron, Controller *VJB*

DATE: January 21, 2021

SUBJ: Quarterly Report of CCRMA Investments

The Texas Public Funds Investment Act requires that at a minimum on a quarterly basis the following investment report be presented to the Board of Directors. Below is a summary of the current CCRMA investments which comply with the investment strategies approved in the most current CCRMA Investment Policy.

	<u>Beginning Market Value</u>	<u>Ending Market Value</u>	<u>Term</u>	<u>Average Yield</u>	<u>Interest earned and accrued as of 11/30/20</u>
2010 Bond Reserves	\$ 1,017,025.66	\$ 1,019,407.17	Monthly	1.00%	\$ 2,381.51
2010 Bond Reserves	887,496.63	889,574.83	Monthly	1.00%	2,078.20
	\$ 1,904,531.29	\$ 1,908,982.00			<u>\$ 4,459.71</u>
Total Market Value of Principal and Accrued Interest					<u>\$ 1,908,892.00</u>
Required level of security at 102%					<u>\$ 1,947,161.64</u>

I certify this report complies with the Internal Management Reports section of the Texas Public Funds Investment Act.

**2-F CONSIDERATION AND APPROVAL OF CAMERON COUNTY REGIONAL
MOBILITY AUTHORITY'S AMENDED TRAVEL POLICY TO COMPLY WITH IRS
MILEAGE RATES 2021**

IMPROVING MORE THAN JUST ROADS

2F

MEMORANDUM

TO: CCRMA Board of Directors

FROM: Victor J. Barron, Controller *VJB*

DATE: January 21, 2021

RE: Item 2F Consideration and Approval of the CCRMA's Travel Policy to comply with IRS Mileage Rates 2021

The CCRMA has an approved travel policy that mirrors the rates used by the State and other Local Governments. The request is to amend the policy to include the newly released 2021 rates for mileage and per diem to be applied to the CCRMA travel policy.

REIMBURSEMENT AND TRAVEL POLICY

Travel Arrangements

- Should be made at lowest cost, using the Internet, if possible, to mitigate fees with the guidelines set below for Lodging, Mileage, and Meals. Travel agents may be used on more complicated travel arrangements to reduce staff time and thereby reduce overall costs.
- Employee travel should be done in a manner to minimize time away from work.
- Hotel shuttles should be used when available.
- Additional lodging reimbursement would be allowed only if the reduction in airfare is greater than the extra days lodging and per diems.

Hotel Accommodations

In State or Out of State Lodging must follow the below guidelines for daily rates. These rates match those set by the Texas Comptroller for State of Texas Employee's Travel Reimbursement as of October 1st of every Fiscal Year.

See attachment of GSA Rates

- Executive Staff, Key Personnel, and Board Members are eligible up to twice the amount listed on the attached GSA Rates.
- Exceptions to the attached rates require prior approval by Executive Director and would include:
 - The hotel would reduce total overall costs of travel, such as not requiring a rental car.
 - Time constraints for business meetings would require staying at a closer hotel.
 - Conference Rate.
 - Out of State or Out of Country Travel.

Meals

In State or Out of State meals must follow the below guidelines for daily rates. These rates match those set by the Texas Comptroller for State of Texas Employee's Travel Reimbursement as of October 1st of every Fiscal Year.

See attachment of GSA Rates for Overnight Travel and Textravel Rates for Non-Overnight Travel

- Executive Staff, Key Personnel, and Board Members are eligible up to twice the amount listed on the attached GSA Rates.
- Meals not related to CCRMA business will not be reimbursed.
- Exceptions for meals exceeding the daily rate require justification and approval by Executive Director.
- No reimbursement for alcohol will be allowed.

Incidentals

- Reasonable and customary tips and gratuities can be included in meals and do not require a receipt.
- Parking, toll, and taxi expenses will be reimbursed.
- Other minor expenses should have receipt and justification for reimbursement.
- There will be no reimbursement for parking or traffic violations.
- There will be no reimbursement for entertainment purposes, including hotel movies.

Rental Vehicles

- Should use compact to mid-sized vehicles unless multiple persons traveling.
- Loss Damage Waiver should be used.

Airfare

- Airfare should be booked at the most economical rate as far in advance as reasonably possible.
- Coach, business fares, or internet specials should be used when possible.
- Travel agents may be used on more complicated travel arrangements to reduce staff time and thereby reduce overall costs.
- Cancellation fees or fees for ticket changes will be reimbursed if in the best interests of the CCRMA or a family emergency.

Mileage Reimbursement

Use of a personal vehicle on CCRMA business will be reimbursed using the current Internal Revenue Service Rate for business expense as of January 1st of every calendar year. The CCRMA travel reimbursement form should be used and include:

- Purpose of Travel.
- Dates of Travel.
- Net Mileage (using the CCRMA headquarters as origination point).
- Maximum reimbursement is mileage rate times the number of miles driven.

Food Service at Local Meetings

Food service for local business meeting will be reimbursed. These business meetings are required for the active conduct of CCRMA business and include CCRMA Board meetings and workshops, CCRMA Board Committee meetings, meetings with other governmental entities for CCRMA business. A request for reimbursement should include:

- The Purpose of the Meeting.
- The Time and Location of the Meeting.
- Names of Principal Attendees.
- Approval of Reimbursement by Executive Director.

IRS issues standard mileage rates for 2021

IR-2020-279, December 22, 2020

WASHINGTON — The Internal Revenue Service today issued the 2021 optional standard mileage rates used to calculate the deductible costs of operating an automobile for business, charitable, medical or moving purposes.

Beginning on January 1, 2021, the standard mileage rates for the use of a car (also vans, pickups or panel trucks) will be:

- 56 cents per mile driven for business use, down 1.5 cents from the rate for 2020,
- 16 cents per mile driven for medical, or moving purposes for qualified active duty members of the Armed Forces, down 1 cent from the rate for 2020, and
- 14 cents per mile driven in service of charitable organizations, the rate is set by statute and remains unchanged from 2020.

The standard mileage rate for business use is based on an annual study of the fixed and variable costs of operating an automobile. The rate for medical and moving purposes is based on the variable costs.

It is important to note that under the [Tax Cuts and Jobs Act](#), taxpayers cannot claim a miscellaneous itemized deduction for unreimbursed employee travel expenses. Taxpayers also cannot claim a deduction for moving expenses, unless they are members of the Armed Forces on active duty moving under orders to a permanent change of station. For more details see [Moving Expenses for Members of the Armed Forces](#).

Taxpayers always have the option of calculating the [actual costs](#) of using their vehicle rather than using the standard mileage rates.

Taxpayers can use the standard mileage rate but must opt to use it in the first year the car is available for [business use](#). Then, in later years, they can choose either the standard mileage rate or actual expenses. Leased vehicles must use the standard mileage rate method for the entire lease period (including renewals) if the standard mileage rate is chosen.

[Notice 2021-02](#) [PDF](#), contains the optional 2021 standard mileage rates, as well as the maximum automobile cost used to calculate the allowance under a fixed and variable rate (FAVR) plan. In addition, the notice provides the maximum fair market value of employer-provided automobiles first made available to employees for personal use in calendar year 2021 for which employers may use the fleet-average valuation rule in or the vehicle cents-per-mile valuation rule.

**2-H CONSIDERATION AND APPROVAL OF AN INTERLOCAL AGREEMENT BETWEEN
CAMERON COUNTY REGIONAL MOBILITY AUTHORITY AND CAMERON
COUNTY FOR LEGISLATIVE SERVICES.**

STATE OF TEXAS

COUNTY OF CAMERON

20210203

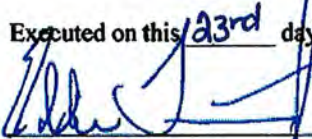

Contract No. 2021C02032

**INTERLOCAL AGREEMENT BETWEEN
CAMERON COUNTY AND CAMERON COUNTY REGIONAL MOBILITY AUTHORITY**

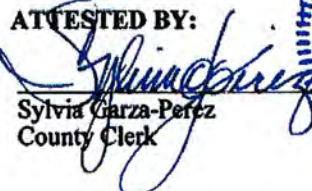

This Interlocal Agreement is entered into between the CAMERON COUNTY REGIONAL MOBILITY AUTHORITY, hereinafter referred to as "CCRMA" and the COUNTY OF CAMERON, TEXAS, hereinafter referred to as "County" pursuant to V.T.C.A., Government Code, Chapter 791, cited as the Interlocal Cooperation Act.

1. LOCATION OF PROJECT: Cameron County, Texas
2. PROJECT TO BE COMPLETED: Pursuant to TEX. LOCAL GOV'T CODE § 791.025, to the extent applicable, Cameron County will utilize the CCRMA's Consultant, Pathfinders Public Affairs, to assist with legislation and other issues associated with the 87th Legislative session. Consultant will assist County with any legislative issues that may arise as a result of legislation recently passed during the 87th Legislature. Consultant will report directly to County for any issues associated with the County.
3. The cost of the services and the amount of this Interlocal Agreement is \$96,000.00 which will be paid by Cameron County. The funds to be paid by Cameron County will be paid from current revenues of Cameron County. Cameron County will receive monthly reports from the CCRMA's Consultant. CCRMA will invoice COUNTY on a monthly basis.
4. The rules, regulations and orders of the CCRMA shall govern this Interlocal Agreement and the parties agree that the CCRMA shall supervise the performance of this Interlocal Agreement. It is also agreed that the CCRMA has the authority to employ personnel to engage in other administrative services necessary to fulfill the terms of this Interlocal Agreement.
5. The Interlocal Agreement shall have no legal force or effect until such time as it is properly adopted and approved by the Cameron County Regional Mobility Authority Board of Director and the Cameron County Commissioners Court. The Interlocal Agreement will cover period from January 1, 2021 and will terminate on December 31, 2021, unless extended by action of both CCRMA and COUNTY.

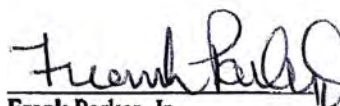

Executed on this 23rd day of February, 2021.

Eddie Treviño, Jr.
County Judge

**2-I CONSIDERATION AND APPROVAL OF WORK AUTHORIZATION NO. 17 WITH
S&B INFRASTRUCTURE FOR SPI 2ND ACCESS SCHEMATICS**

WORK AUTHORIZATION NO. 17

This Work Authorization is made as of this 21st day of January, 2021, under the terms and conditions established in the AGREEMENT FOR GENERAL CONSULTING CIVIL ENGINEERING SERVICES, dated as of May 10, 2018 (the "Agreement"), between the Cameron County Regional Mobility Authority ("Authority") and S&B Infrastructure, Ltd. ("GEC").

This Work Authorization is made for the following purpose, consistent with the Services defined in the Agreement: *GEC will revise the schematic layout based on the VE Study recommendations of a Twin Span structure.*

Section A. - Scope of Services

A.1. GEC shall perform the following Services:

GEC shall perform the Services as listed in Exhibit B and as requested by the Authority.

Section B. - Schedule

GEC shall perform the Services and deliver the related Documents (if any) according to the following schedule as shown on Exhibit C.

Section C. - Compensation

C.1. In return for the performance of the foregoing obligations, the Authority shall pay to the GEC the amount not to exceed \$53,486.27, based on the attached fee estimate shown on Exhibit D. Compensation shall be in accordance with the Agreement.

C.2. The Authority shall pay the GEC under the following acceptable payment method –
Lump Sum Payment Method.

C.3. Compensation for Additional Services (if any) shall be paid by the Authority to the GEC according to the terms of a future Work Authorization.

Section D. - Authority's Responsibilities

The Authority shall perform and/or provide the services as stated in Exhibit A in a timely manner so as not to delay the Services of the GEC.

Section E. - Other Provisions

The parties agree to the following provisions with respect to this specific Work Authorization:
None

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

LIST OF EXHIBITS

- Exhibit A - Authority's Responsibilities
- Exhibit B - Services to be Provided by Engineer
- Exhibit C - Work Schedule
- Exhibit D - Fee Schedule

EXHIBIT A

Authority's Responsibilities

The following provides an outline of the services to be provided by the **Authority** in the development of the **Project** for this work authorization. (The **Project** is further defined and more particularly identified in **Exhibit "A"** attached to this work authorization).

GENERAL

The **Authority** will provide to the **Engineer** the following:

- (1) Payment for work performed by the **Engineer** and accepted by **Authority** in accordance with this Agreement.
- (2) Assistance to the **Engineer**, as necessary, to obtain the required data and information from other local, regional, **State** and Federal agencies that the **Engineer** cannot easily obtain.
- (3) Provide timely review and decisions in response to the **Engineer's** request for information and/or required submittals and deliverables, in order for the **Engineer** to maintain an agreed-upon work schedule.
- (4) Provide previous preliminary estimates that have been done to date.

EXHIBIT B

Services To Be Provided By The Engineer

County: Cameron

Project: South Padre Island 2nd Access Phase 3B – Update of Twin Span Options with associated costs based on VE Study

SCOPE DETAILS:

The following Scope of Work describes the task details that are included in the Services to be provided by the CONSULTANT on the proposed 2nd Access Project.

The CONSULTANT will basically perform the tasks listed below based on the VE Study recommendation EN-10 "Build Twin Bridges to Eliminate Mitigation Requirements".

Note: Revised Schematic, Revised Hydraulics, Revised Hydraulics Report and Revised Bridge layout is not part of this work order scope.

TASK 110 – ROUTE AND DESIGN STUDIES

TASK 110.00 – NOTICE TO PROCEED

The CONSULTANT will not begin work on Route and Design Studies until the AUTHORITY has either granted written "Notice to Proceed" or the supplemental work authorization has been fully executed.

TASK 110.01 – PROJECT ADMINISTRATION AND COORDINATION

Subtask 110.01.01 – General Administration

The CONSULTANT will perform project administrative and coordination duties, including contract administration, project management, meeting minutes of required meetings and telephone conversations and other related administrative tasks (e.g., direct costs) associated with the project, including:

- A) Coordinate, execute and administer work authorization as required with the AUTHORITY.
- B) Progress Reports and Invoices – Prepare monthly invoices and progress reports for the work tasks, together with evidence of work accomplished during the time period since the previous report. Prepare a detailed schedule (provide in the AUTHORITY approved format) of anticipated monthly invoice billing linking to the project work authorization tasks. A monthly progress report will be submitted and include: activities completed, initiated or ongoing, during the reporting period; activities planned for the coming period; problems encountered and actions to remedy them; overall status, including a tabulation of percentage complete by task; updated project schedule; minutes of study meetings and copies of monthly correspondence.
- C) Record Keeping and File Management - Maintain all records and files related to the project throughout the duration of the services.
- D) Correspondence – Prepare written materials, letters, and survey forms used to solicit

information or collect data for the project and submit them to the AUTHORITY for review and approval prior to its use or distribution. Copies of outgoing correspondence and incoming correspondence will be provided to the AUTHORITY on a continuing basis, but not less than once a month.

E) QC/QA – S&BI will implement the following process:

- Self-Review (QC) – to be performed by all team members for their responsible part of the project. The DSR, applicable self-review checklists, electronic file plan, and TxDOT “go bys” are distributed to all team members, including project engineers / designers, and GIS / CADD.
- Peer Review (QC) – All team members utilize peers of the same discipline and expertise to review the team member’s assigned task; peer review is also documented on the self-review checklists.
- Technical Review (QA) – The technical review is performed by Independent Reviewers and/or S&BI QA Technical Review Team (TRT) two weeks prior to review submittals.
- Team Review – All comment resolution issues will be documented at each Technical Team Review / submittal, starting at the level of review that the comment(s) was generated, and if required escalated to the TRT for their resolution and final determination to the PM.

TASK 110.05 – GEOMETRIC DEVELOPMENT

The CONSULTANT will develop a scaled plan view based on the VE study recommendation EN-10. Preliminary design considerations will include the following: design criteria (operation/safety), ROW requirements and project costs.

Subtask 110.05.01 – Typical Sections

The CONSULTANT will develop 8 typical sections of the bridge configurations at a proportional scale for incorporation into the layout document. Typical section will include the following design elements:

- A) Centerline alignment. B) Profile grade line. C) ROW width (existing and proposed). D) Limits of bridge. E) Concrete traffic barrier railing. F) Illumination. G) Median width (separation distance). H) Shoulder widths. I) Lane widths. J) Clear zones. K) Pavement cross slope. L) Traffic directional arrows. M) Typical section description, including stationing and location (median openings.) N) Structure clearances, including horizontal and vertical clearances. O) Turn lanes. P) Superelevation limits, stationing and rate.

Subtask 110.05.02 – Plan View Preparation

The CONSULTANT will develop a plan view of the VE options on the base map to indicate general geometric features and location requirements of the project.

Plan.

- 1) Beginning and ending project limits with stationing.
- 2) Alignment stationing.
- 3) Point of Intersection (PI) number and stations.
- 4) Curve data, including PI number, PI station, delta, tangent, length, radius, Point of

- Curvature (PC) and Point of Tangency (PT) stations.
- 5) Equations (if applicable), back station and forward station.
 - 6) Superelevation type, transition length and beginning and ending station.
 - 7) Pavement edges for all improvements (main lanes, frontage roads, ramps and cross streets).
 - 8) Lane and pavement width dimensions
 - 9) Typical section location symbols.
 - 10) Identify future ROW requirements adequate for future preparation of ROW maps.
 - 11) Existing and proposed ROW, including ROW dimensions, access denial (control of access), tract lines, railroad ROW limits, city limits, section line and corners, subdivisions, and easements.
 - 12) Direction of traffic flow on all roadways, lane lines and/or arrows indicating the number of lanes will be shown.
 - 13) Median lines (raised, painted and transitions), median widths and openings.
 - 14) Roadway names and highway designations, railroad name, cross street names and locations, designated signalized intersections, acceleration, and deceleration lanes, climbing lanes and transitions.
 - 15) Bridge and structure locations, including spans, bents, abutments, and bridge type.

Subtask 110.05.03 – Revised Preliminary Engineering Estimate Supporting VE Options

The CONSULTANT will prepare a draft Preliminary Estimate based on the typical sections and plan view options utilizing the latest TxDOT Unit Bridge Cost and any like Project costs for similar facilities throughout the State. The estimate will consist of three sections mainland approach, the bridge/causeway (with various options) and the island approach.

Deliverables:

- ☐ Meeting minutes for all meetings attended
- ☐ Typical Sections
- ☐ Scaled Graphic Plan views correlating to Typical Sections
- ☐ Preliminary Estimates of the Options Based on the VE study
- ☐ Brochure/Exhibit of Options with Layouts, Typical Sections and Cost

EXHIBIT C

Schedule of Work

The **Engineer** will diligently pursue the completion of the **Project** as defined by the milestones and deliverable due dates.

The **Engineer** will inform the **Owner** (in reasonable advance of the delay) should the **Engineer** encounter delays that would prevent the performance of all work in accordance with the established schedule(s) of work.

Notice To Proceed – Upon Execution

Draft Deliverables – 4 weeks from NTP

Work Order Complete – March 31, 2021

**2-J CONSIDERATION AND APPROVAL OF SUPPLEMENTAL WORK
AUTHORIZATION NO. 2 TO WORK AUTHORIZATION NO. 20 WITH S&B
INFRASTRUCTURE FOR THE CAMERON COUNTY PARKS SYSTEM
ADMINISTRATION BUILDING.**

**SUPPLEMENTAL WORK AUTHORIZATION NO. 2
TO WORK AUTHORIZATION NO. 20**

This Supplemental Work Authorization No. 2 is made as of this 21st day of January, 2021, under the terms and conditions established in the AGREEMENT FOR GENERAL CONSULTING CIVIL ENGINEERING SERVICES, dated as of May 10, 2018 (the "Agreement"), between the Cameron County Regional Mobility Authority ("Authority") and S&B Infrastructure, Ltd. ("GEC").

The work to be performed by the GEC under this Supplemental Work Authorization is for the following purpose, consistent with the Services defined in the Agreement: ***Professional services including: providing engineering services for the preparation of Construction Documents and support services for the Cameron County Administration Building and additional Parking Lot at the approach to Isla Blanca Park in Cameron County.***

Section A. – Scope of Services

GEC shall perform the Additional Services according to **Exhibit B.**

Section B. – Schedule – No Change

GEC shall perform the Services and deliver the related Documents according to the schedule as shown on **Exhibit C.**

Section C. – Compensation

Paragraph C.1 is hereby amended to increase the overall maximum amount from \$257,825.64 to \$261,625.64, an increase of \$3,800.00 based on the attached fee estimate shown on **Exhibit D.** Compensation shall be in accordance with the Agreement.

C.1. The Authority shall pay the GEC under the following acceptable payment method – Lump Sum Payment Method.

C.2. Compensation for Additional Services (if any) shall be paid by the Authority to the GEC according to the terms of a future Work Authorization.

Section D. – Authority's Responsibilities – No Change

The Authority shall perform and/or provide the services as stated in Exhibit A in a timely manner so as not to delay the Services of the GEC.

Section E. - Other Provisions – No Change

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

Services to be Provided by the Engineer

GENERAL DESCRIPTION

For this work authorization, Engineer shall perform activities for the design and construction plans of the **Cameron County Parks Administration Building and a Cameron County Parks Parking lot along PR 100 at the approach of the Isla Blanca Park, Cameron County, Texas.**

GENERAL DESCRIPTION

For this work authorization, S&B shall perform activities for the development of the ***final design including, plans, specifications, and estimates (PS&E), and bidding documents*** for following modifications:

WIDENING OF THE ADMIN PARKING LOT

Front roadside ditch which collected the water for the front parking lot will be removed. New design will include grate inlets and extra storm sewer pipe. Pond will be relocated further south and will be enlarged. All other scope items are applicable and still in effect.

**2-K CONSIDERATION AND APPROVAL OF WORK AUTHORIZATION NO. 23 WITH
S&B INFRASTRUCTURE FOR THE CAMERON COUNTY PARKS ISLA BLANCA
TOLL BOOTHS.**

WORK AUTHORIZATION NO. 23

This Work Authorization is made as of this 21st day of January, 2021, under the terms and conditions established in the AGREEMENT FOR GENERAL CONSULTING CIVIL ENGINEERING SERVICES, dated as of May 10, 2018 (the "Agreement"), between the Cameron County Regional Mobility Authority (the "Authority") and S&B Infrastructure, Ltd. (the "GEC").

This Work Authorization is made for the following purpose, consistent with the Services defined in the Agreement: *Professional services including: providing engineering services for the preparation of Construction Documents and support services for the Isla Blanca Toll Booths in Cameron County.*

Section A. - Scope of Services

A.1. GEC shall perform the following Services:

GEC shall perform the Services as listed in Exhibit B and as requested by the Authority.

Section B. - Schedule

GEC shall perform the Services and deliver the related Documents (if any) according to the following schedule as shown on Exhibit C.

Section C. - Compensation

C.1. In return for the performance of the foregoing obligations, the Authority shall pay to the Engineer the amount not to exceed \$29,193.51 based on the attached fee estimate shown on Exhibit D. Compensation shall be in accordance with the Agreement.

C.2. The Authority shall pay the GEC under the following acceptable payment method – Lump Sum Payment Method.

C.3. Compensation for Additional Services (if any) shall be paid by the Authority to the GEC according to the terms of a future Work Authorization.

Section D. - Authority's Responsibilities

The Authority shall perform and/or provide the services as stated in Exhibit A in a timely manner so as not to delay the Services of the Engineer.

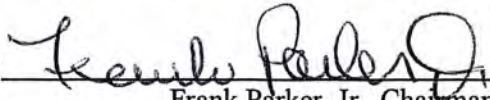

Section E. - Other Provisions

The parties agree to the following provisions with respect to this specific Work Authorization: None.

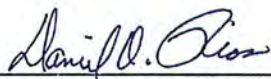

-SIGNATURES ON NEXT PAGE-

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

EXHIBIT A

Authority's Responsibilities

The following provides an outline of the services to be provided by the **Authority** in the development of the **Project** for this work authorization.

GENERAL

The **Authority** will provide to the **Engineer** the following:

- (1) Payment for work performed by the **Engineer** and accepted by **Authority** in accordance with this Agreement.
- (2) Assistance to the **Engineer**, as necessary, to obtain the required data and information from other local, regional, **State** and Federal agencies that the **Engineer** cannot easily obtain.
- (3) Provide timely review and decisions in response to the **Engineer's** request for information and/or required submittals and deliverables, in order for the **Engineer** to maintain an agreed-upon work schedule.
- (4) Right of Entry
- (5) Survey already performed for Cameron County.
- (6) United States Coast Guard Coordination and approval for any encroachments and/or easements required.
- (7) Any permits for subject property. The **Engineer** shall identify all necessary permits from governmental authorities which will be needed to construct the Project. The **Authority** shall apply for all necessary permits except the building permit that the contractor will be responsible for. The authority shall pay all other applicable permit fees. The **Engineer** shall assist in obtaining said permits or approvals. All permits, except for Building Permits, will be obtained prior to Bidding.
- (8) Provide Upfront bidding documents.
- (9) Advertise bidding documents.

EXHIBIT B

Services to be Provided by the Engineer

GENERAL DESCRIPTION

For this work authorization, Engineer shall perform activities for the design and construction plans of the **Isla Blanca Toll Booths, Cameron County, Texas.**

GENERAL DESCRIPTION

For this work authorization, S&BI shall perform activities for the development of the ***final design including, plans, specifications, and estimates (PS&E), and bidding documents*** for the Isla Blanca Toll Booths.

Data Collection:

The **survey** is to be provided by the Authority.

GEOTECHNICAL BORINGS AND INVESTIGATIONS

There will be no geotechnical work proposed due to the existing slabs being utilized for Construction.

DOCUMENT DEVELOPMENT

The project will be executed in phases as follows;

- 15% - Concept Development: Development of a preliminary concept for approval to proceed to design development or construction documents.
- 30% - Design Development: Development of design development documents for approval to proceed to construction documents.
- 90% - Pre-Final Documents: Development of construction documents to a pre-final level of completion.
- 100% - Final: Signed and sealed set of documents for permit and construction.

The **Engineer** shall prepare, for approval by the **Authority**, Schematic Design Documents consisting of documents illustrating the scale of Project components and their basic relationship. These documents shall consist of the following:

- Preliminary Site Plan
- Preliminary Floor Plan with overall dimensions
- Preliminary Exterior Building Elevation
- Preliminary Building Section
- Image Sketches and other such Graphics, as required for workshop presentations
- Project Narrative
- Statement of Probable Costs

The **Engineer**, upon the approval of the Schematic Design documents by the **Authority**, will continue to meet with the **Authority** representatives to develop the architectural, civil, structural, mechanical, and electrical systems. The Development Document Phase of the work will consist of the interior character and finishes. The **Engineer** will further develop the budget and make adjustments in the design using options in materials and finishes and provide the **Authority** with an updated budget estimate. The **Engineer** will continue development of the detailed Construction Drawings and Specifications to construct the Project, including detailed architectural, civil, landscape, structural, mechanical, and electrical plans, and specifications. A

U2716.223 Isla Blanca Toll Booths
Work Authorization 23 – Exhibit B

meeting with the Fire Marshal and Building Official will be held to review during this phase. The **Engineer** will develop and provide to the **Authority** an updated cost estimate

These CADD drafted documents shall consist of the following:

- Building Code Review Summary
- Site Plan
- Floor Plans
- Exterior Building Elevations
- Building Sections
- Typical Wall Section(s)
- Reflected Ceiling Plans
- Preliminary Finish Plans
- Window and Door Schedules
- Preliminary Structural, Mechanical, and Electrical Engineering
- Outline Specification
- Updated Statement of Probable Costs

CONSTRUCTION DOCUMENT PHASE

Based on the approved Design Development Documents, including revisions, the **Engineer** shall prepare, for approval by the **Authority** permitting and construction, Construction Documents setting forth the requirements for the construction of the Project. The final Construction Documents will be prepared for approval by the **Authority** for bidding. Upon **Authority** approval of the completed Construction Documents, the **Engineer** shall assist the **Authority** and / or General Contractor in making application for the Building Permits, by providing clarification of the drawings and / or revisions required by government agencies having jurisdiction.

BIDDING / NEGOTIATIONS PHASE

Following the **Authority's** approval of the Construction Documents ("Construction Documents" shall mean the entire contract for construction, including all addendums or alterations thereto, drawings and technical specifications, and the latest Statement of Probable Construction Cost) the **Engineer** shall assist the **Authority** in preparing bid specifications, evaluating bids, and preparing construction contracts. The **Engineer** will provide the **Authority** with bid-ready documents and assist in the selection of a contractor after bids are received. Services include but are not limited to, a review of contract proposals, review of contractor's submitted credentials, review of subcontractors' submitted credentials, analysis, and recommendations to assist the **Authority** in their selection of a contractor. WINDSTORM and TDLR requirements are included in the **Engineers** scope.

CONSTRUCTION PHASE (Site Visits and Administrative Services)

The Construction Phase will commence with the Notice of Commencement and will terminate when the **Authority's** Director or his designee has approved a proper and final application for payment from the party awarded the contract to construct the Project, hereafter referred to as the Contractor. This contract shall provide basic services during the entire construction phase. The **Engineer**, as the representative of the **Authority** and as administrator of the Contract during the Construction Phase, shall advise and consult with the **Authority** and all instructions to the Contractor shall be issued through the **Engineer**. The **Engineer or Engineers representative** shall hold necessary pre-construction meetings and other job progress meetings as necessary.

The **Engineer** will visit the construction site before key building components are completed to ensure quality compliance with the documents. At a minimum, observations will be at the following stages:

- A. Rough framing.
- B. At roof framing completion
- C. Prior to and during roofing.
- D. Prior exterior finish.
- E. Air conditioning.
- F. Rough electrical.

Additionally, the **Engineer** shall be in attendance at the site frequently enough to familiarize himself with the progress and quality of the Work to determine if the Work is proceeding in accordance with the Contract Documents. On the basis of his on-site observations, the **Engineer** shall use its best efforts to guard the **Authority** against defects, deficiencies, and poor workmanship in the Work of the Contractor and take necessary administrative actions to facilitate timely completion of the Work in accordance with the contract documents including approved Change Orders.

The **Engineer** shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work. The **Engineer** shall regularly keep the **Authority** informed as to the progress and quality of the work. The **Engineer** shall visit the Project at intervals appropriate to the stage of construction to become generally familiar with the progress of the work completed, to determine, in general, if the work is being performed in a manner indicating that the work, when fully completed, will meet with the intent of the construction documents.

Additionally, if requested by the **Authority**, the **Engineer**, based on observation of percentages of work completed, shall assist the **Authority** in determining amounts due the Contractor. Based on such observations at the site and on the Contractor's Application for Payment, the **Engineer** shall determine the amount owing to the Contractor and shall issue Certificates for Payment in such amounts. The issuance of a Certificate for Payment shall constitute a representation by the **Engineer** to the **Authority** based on the **Engineer's** observations at the site and the data comprising the Application for Payment, that the Work has progressed to the point indicated; that to the best of the **Engineers** knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (which shall include, but not be limited to all approved Change Orders) subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in the Certificate for Payment; and that the Contractor is entitled to payment in the amount certified.

The **Engineer** shall have the responsibility and the authority to reject all Work which does not conform to the Contract Documents. He will have authority to request special inspection or testing of any Work in accordance with the provisions of the Contract Documents whether or not such Work be then fabricated, installed, or completed. The **Authority** will then have the option of choosing the vendor to perform such testing or inspection services. However, neither this authority of the **Engineer** nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the **Engineer** to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees or other persons performing portions of the Work.

The **Engineer** shall review and approve or take other appropriate action on shop drawings, samples, as-built drawings, and other submissions of the Contractor for conformance with the

Design Concept of the Project and for compliance with the information given in the Contract Documents, including General Condition of the Contract for Construction AIA 201, 1997 edition.

The **Engineer** shall evaluate all requests for Change Order and prepare necessary Change Orders (for either increased compensation or time) in a form acceptable to the **Authority** and review and make recommendations on all requests for Change Orders made by Contractor. The **Engineer** shall assist the **Authority** in any negotiations with Contractor relative to compensation required as a part of any Change Order and shall also advise the **Authority** regarding any changes necessary in the construction time schedule.

The **Engineer** shall conduct inspections to determine the Dates of "Substantial Completion" and "Final Completion," shall receive and review written guarantees and warranties and related documents assembled by the Contractor and shall issue a final Certificate for Payment.

At completion of construction, the **Engineer** shall furnish and deliver to the **Authority**, neatly arranged in a file, shop drawings, warranties, and instruction literature furnished by the Contractor, etc., and also deliver to the **Authority**, a reproducible set of construction drawings, revised by contractor to "as-built" conditions, based on marked-up prints, drawings or other data furnished by Contractor. The **Engineer** shall not be required to furnish this information itself but shall use its best efforts to obtain these documents from Contractor and shall not approve final payment until they are received. The **Engineer** will review the Contractor's documentation of field revisions on a monthly basis prior to issuance of certificates for payment. Upon construction completion, the **Engineer** shall write a letter and certify to the **Authority** that the entire project was constructed in compliance with the contract documents in accordance with the Contract documents; this letter must be signed, dated and bear the **Architect's seal** and all other appropriate professional's seals. The services during this phase shall include providing clarifications and / or revisions to the construction documents arising out of the normal process of construction (including conflict resolution) and the review of shop drawings, product data and samples for conformance with the information given and/or concepts expressed in the construction documents

Construction administration services shall include but not be limited to providing an on-site the **Engineer's** representative on a bi-weekly basis to monitor and observe the work and review construction for compliance with the Construction documents and contract documents for the entire construction period. The **Engineer's** representative shall be at the site to monitor, observe and review construction at all appropriate times to properly administer the Contract. the **Engineer** shall cause such other visits to be made to the site by the necessary professionals to properly administer this contract and fulfill its obligations and comply with this Contract.

As to the Contractor constructing the project, the **Engineer** shall interpret and decide matters concerning performance of the Contractor under the requirements of the Construction Contract documents. Such interpretations shall be made with reasonable promptness. The **Engineer** shall, within a reasonable time, issue written decisions on all claims, disputes, or other matters in question between the **Authority** and the Contractor relating to the execution or progress of the Work as provided in the Contract documents.

Project Management

The Engineer shall perform the following management activities during the development of the project:

1. Prepare / manage WA, including recordkeeping, filing, administration, etc. and overall Quality Assurance / Quality Control (QA/QC).

2. Coordinate / prepare sub-provider WA and manage sub-consultants (3 sub-consultants projected).
3. Preparation of invoices and progress reports.
4. Research / review existing plans and data.
5. Monitor sub-providers' schedules on a monthly basis.
6. Organize and download electronic file deliverables.

Note:

Environmental reports, Geotechnical Report, Surveying, Environmental testing, investigation, and documentation of hazardous materials, and Permitting new facilities are not included in this scope of work.

EXHIBIT C

Schedule of Work

The **GEC** will diligently pursue the completion of the **Project** as defined by the milestones and deliverable due dates.

The **GEC** will inform the **Authority** (in reasonable advance of the delay) should the **GEC** encounter delays that would prevent the performance of all work in accordance with the established schedule(s) of work.

NOTICE TO PROCEED -- Upon Execution

**2-L DISCUSSION AND POSSIBLE ACTION REGARDING A REQUEST FROM THE
UNITED STATES CUSTOM AND BORDER PROTECTION DEPARTMENT OF
HOMELAND SECURITY FOR A RIGHT OF ENTRY FOR A SURVEY AND SITE
ASSESSMENT ON PROPERTY OWNED BY THE CAMERON COUNTY REGIONAL
MOBILITY AUTHORITY.**

**U.S. Customs and
Border Protection**

November 23, 2020

Mr. Oscar Omar Trevino
5619 Southmost Road
Brownsville, Texas 78521

Dear Mr. Trevino:

The purpose of this letter is to request your written permission to enter upon your land in accordance with the enclosed Right of Entry for Survey and Site Assessment (ROE-S) and accompanying map. Once you have had an opportunity to review the enclosed documents we invite you to call or email the below listed point of contact to review the material with you and/or to address any questions you may have.

You are receiving this letter because the U.S. Government has identified a portion of your property that we wish to access for the purpose of conducting environmental assessments, property surveys, appraisals and any other such work which may be necessary and incidental to the Government's assessment of the property for possible acquisition in support of U.S. Customs and Border Protection's (CBP) construction of border infrastructure and other funded tactical infrastructure projects authorized by Congress in the Fiscal Year 2019 appropriation.

Border security tactical infrastructure, such as border walls, lighting, and roads, are critical elements to gain effective control of our Nation's borders. The purpose of border security infrastructure is to deter illicit cross-border activity such as drug smuggling, border violence and illegal immigration.

The planned assessments outlined in the ROE-S are scheduled to occur intermittently over the time period specified in the document. Only the portion of your property that may be affected by construction of border security tactical infrastructure, as shown on the map of the enclosed ROE-S, will be environmentally assessed by the U.S. Government, its agents, employees, and contractors. The ROE-S is required beyond the proposed project area for access to each parent tract monument in order for the surveyor to physically locate the subject area in alignment with adjoining property boundaries. State law requires the surveyor to produce work of sufficient quality as to prevent boundary line disputes and be technically unbiased for all impacted parties. By signing this form, you are granting written permission to the U.S. Government, its agents, employees, and contractors to conduct the assessment activities described. Those activities may commence immediately following execution of the document.

We hope that you and other landowners in the Rio Grande Valley will assist us in our strategic efforts to secure our Nation's borders. Enclosed for your review are two copies of the ROE-S form. If you have no further questions, please retain one copy of the ROE-S for your records and return one signed copy in the enclosed, pre-addressed and postage paid envelope. Upon receipt of your signed copy, the U.S. Government will complete and return a fully executed copy for your records. If you are acting in an agent capacity for a corporation or organization, please fill in the Certificate for Corporations and Partnerships found on page 3. If your property is currently under lease, license or is otherwise occupied, please have the tenant or licensee fill in the right-of-entry portion for tenant information so consent from that individual can be obtained as well.

CBP has collaborated with the U.S. Army Corps of Engineers (USACE) to obtain access to the real estate to support the work effort described above. Therefore, if you have any questions you can speak with a USACE Realty Specialist toll free by calling 1-866-848-1221 or you can email border.infrastructure.projects@usace.army.mil.

Sincerely,

Loren Flossman

DEPARTMENT OF HOMELAND SECURITY

Right-of-Entry For Survey and Site Assessment

The undersigned, hereinafter called the "Owner", hereby grants to the United States of America, hereinafter called the "Government", a temporary right-of-entry upon Owner's property described below, hereinafter called the "Property." This right-of-entry is granted upon the following terms and conditions:

1. The Government's officers, employees, agents, and contractors shall have the right to enter upon the Property for the purpose of conducting environmental assessments and property surveys, including the right to temporarily store, move and remove necessary equipment and supplies; survey, stake out, appraise, bore and take soil and/or water samples, and perform any other such work which may be necessary and incidental to the Government's assessment of the Property for Border Infrastructure Projects in the Rio Grande Valley Sector area of responsibility.
2. This right-of-entry is irrevocable for a period of Twelve **(12)** months from the date of this instrument.
3. The rights granted herein include the right of ingress and egress on other lands of the Owner not described below, provided such ingress and egress is necessary to access the Property and is not otherwise conveniently available to the Government.
4. All tools, equipment, and other property taken upon or placed upon the land by the Government shall remain the property of the Government and may be removed by the Government at any time within a reasonable period after the expiration of this right-of-entry.
5. If any action of the Government's officers, employees, agents, or contractors in the exercise of this right-of-entry results in damage to real property, an administrative claim can be made using a Standard Form (SF) 95 (Claim for Injury, Damage, or Death). The SF 95 must include supporting documentation and state a claim for monetary damages in a sum certain amount for any alleged loss or damage of property, and must be filed within two years after the claim accrues. Please submit the SF 95 and supporting documentation to the CBP Port of Entry or United States Border Patrol station nearest to where the alleged damages occurred.
6. The Property that is subject to this right-of-entry is located in the State of Texas, County of Cameron, and is shown on the attached Exhibit Map.
7. I affirm that I have the authority to grant this right-of-entry onto the Property described above.
