2-D	CONSIDERATION AND APPROVAL OF THE QUARTERLY INVESTMENT REPORT FOR THE PERIOD ENDING MAY 31, 2021.

Investment Report

TO: CCRMA Board of Directors

FROM: Victor J. Barron, Controllen

DATE: July 22, 2021

SUBJ: Quarterly Report of CCRMA Investments

The Texas Public Funds Investment Act requires that at a minimum on a quarterly basis the following investment report be presented to the Board of Directors. Below is a summary of the current CCRMA investments which comply with the investment strategies approved in the most current CCRMA Investment Policy.

		Beginning arket Value	M	Ending larket Value	<u>Term</u>	Average Yield	ea acci	nterest rned and rued as of 31/2021
2010 Bond Reserves	\$	1,021,866.90	\$	1,024,416.68	Monthly	1.00%	\$	2,549.78
2010 Bond Reserves		891,721.29		893,946.32	Monthly	1.00%		2,225.03
	\$	1,913,588.19	\$	1,918,363.00		;	\$	4,774.81
Total Market Value of Principal and Accrued Interest Required level of security at 102% \$ 1,918,363.00 \$ 1,956,730.26								

I certify this report complies with the Internal Management Reports section of the Texas Public Funds Investment Act.

2-E CONSIDERATION AND APPROVAL OF AN AGREEMENT FOR FINANCIAL ADVISORY SERVICES BETWEEN THE CAMERON COUNTY REGIONAL MOBILITY AUTHORITY AND ESTRADA HINOJOSA & COMPANY, INC.

AGREEMENT FOR FINANCIAL ADVISORY SERVICES By and Between

CAMERON COUNTY REGIONAL MOBILITY AUTHORITY (Hereinafter referred to as the "Issuer")

And

ESTRADA HINOJOSA & COMPANY, INC.

It is understood that the Issuer will have under consideration from time to time the authorization and issuance of indebtedness in amounts and forms which cannot be determined and that in connection with the authorization, sale, issuance and delivery of such indebtedness of the Issuer, we have been requested to submit a proposal to provide professional services to the Issuer in the capacity of Financial Advisor. We are pleased to comply with this request and submit the following proposal for consideration. This proposal, if accepted by the Issuer, shall become the agreement (the "Agreement") between the Issuer and Estrada Hinojosa & Company, Inc. effective at the date of its acceptance as provided for herein below.

I.

This Agreement shall apply to any and all evidences of indebtedness or debt obligations that may be authorized and issued or otherwise created or assumed by the Issuer (hereinafter referred to collectively as the "Debt Instruments") from time to time during the period in which this Agreement shall be effective.

II.

We agree to provide our professional services and our facilities as Financial Advisor and agree to direct and coordinate all programs of financing as may be considered and authorized during the period in which this Agreement shall be effective and to assume and pay those Closing expenses set out in Appendix A, provided, however, that our obligations to pay expenses shall not include any costs incident to litigation, mandamus action, test case or other similar actions.

III.

We agree to perform the following duties normally performed by financial advisors and all other duties as, in our judgement, may be necessary or advisable:

1. We will conduct a survey of the financial resources of the Issuer to determine the extent of its capacity to authorize issue and service any Debt Instruments contemplated. This survey will include an analysis of any existing debt structure as compared with the existing and projected sources of revenues which may be pledged to secure payment of debt service and, where appropriate, will include a study of the trend of the assessed valuation, taxing power (if applicable) and present and future taxing requirements of the Issuer and, if appropriate, Cameron County. Where appropriate, this survey will also include an analysis of potential governmental funding sources such as financing programs offered by the Texas Department of Transportation. In the event revenues of existing or projected facilities operated by the Issuer are to be

pledged to repayment of the Debt Instruments then under consideration, the survey will take into account any outstanding indebtedness payable from the revenues thereof, and additional potential revenues, as reasonably projected by consulting engineers employed by the Issuer, resulting from improvements to be financed by the Debt Instruments under consideration. We will also take into account future financing needs and operations as projected by the Issuer's staff and consulting engineers or other experts, if any, employed by the Issuer.

- 2. On the basis of the information developed by the survey described above, and other information and experience available to us, we will submit to the Issuer our recommendations on the Debt Instruments under consideration including such elements as the date of issue, interest payment dates, schedule of principal maturities, portions of prior payment, security provisions, and any other additional provisions designed to make the issue attractive to investors. All recommendations will be based upon our professional judgement with the goal of designing Debt Instruments which can be sold under terms most advantageous to the Issuer and at the lowest interest cost consistent with all other considerations.
- 3. We will advise the Issuer of current bond market conditions, forthcoming bond issues and other general information and economic data which might normally be expected to influence interest rates or bidding conditions so that the date of sale of the Debt Instruments may be set at a time which, in our opinion, will be favorable.
- 4. We understand the Issuer has retained, or will retain, firms of municipal bond attorneys (the "Bond Counsel") whose fees will be paid by the Issuer. In the event it is necessary to hold an election to authorize the Debt Instruments then under consideration, we will assist in coordinating the assembly and transmittal to Bond Counsel of such data as may be required for the preparation of necessary petitions, orders, resolutions, ordinances, notices, and certificates in connection with the election.
- 5. We will recommend the method of sale of the Debt Instruments that, in our opinion, is in the best interest of the Issuer and will proceed, as directed by the Issuer, with one of the following methods:
- a. <u>Competitive Sale</u>: We will advise the Issuer regarding the sale of the Debt Instrument whereby we coordinate the submission of competitive bids from prospective buyers of the Debt Instruments in accordance with established procedures.
- b. <u>Negotiated Sale</u>: We will recommend one or more investment banking firms as managers of an underwriting syndicate for the purposes of negotiating the purchase of Debt Instruments and in no event will we participate either directly or indirectly in the underwriting of the Debt Instruments. We will collaborate with any senior managing underwriter selected and Counsel to the underwriters in the preparation of the Official Statement or Offering Memorandum. We will cooperate with the underwriters in obtaining any Blue Sky Memorandum and Legal Investment Survey, preparing the Bond Purchase Contract, Underwriters' Agreement and any other related documents. The costs thereof, including the printing of the documents, will be paid by the underwriters.
- 6. When appropriate, we will advise financial publications of the forthcoming sale of the Debt Instruments and provide them with all pertinent information.
- 7. We will coordinate the preparation of the Notice of Sale and Bidding Instructions, Official Statement, Official Bid Form and such other documents as may be required. We will submit to the Issuer all

such documents for examinations, approval and certification. After such examination, approval and certification, we will provide the Issuer with a supply of all such documents sufficient to its needs and will distribute by mail sets of the same to prospective bidders and to banks, life, fire and casualty insurance companies, investment counselors and other prospective purchasers of the Debt Instruments. We also provide sufficient copies of the Official Statement to the purchaser of the debt Instruments in accordance with the Notice of Sale and Bidding Instructions. The expenses associated with printing and distribution of these documents will be paid by the Issuer.

- 8. We will, after consulting the Issuer, arrange for such reports and opinions of recognized independent consultants we deem necessary and required for the successful marketing of the Debt Instruments.
- 9. Subject to the approval of the Issuer, we will organize and make arrangements for such information meetings as, in our judgement, may be necessary.
- 10. We will make recommendations to the Issuer as to the advisability of obtaining a credit rating, or ratings, for the Debt Instruments as, in our opinion, is required for submission to the appropriate company, institution or institutions. In those cases where the advisability of personal presentation of information to the rating agency, or agencies, may be indicated, we will arrange for such personal presentations. The expenses associated with the preparation of information and personal presentations will be paid by the Issuer.
- 11. We will make recommendations to the Issuer as to the advisability of obtaining municipal bond insurance or other credit enhancement, or qualifications for same, for the Debt Instruments and, when directed by the Issuer, we will coordinate the preparation of such information as, in our opinion, is required for submission to the appropriate company, institution or institutions. In those cases where the advisability of personal presentation of information to the appropriate company, institution or institutions may be indicated, we will arrange for such personal presentations. The expenses associated with the preparation of information and personal presentations will be paid by the Issuer.
- 12. We will assist the staff of the Issuer at any advertised sale of Debt Instruments in coordinating the receipt, tabulation and comparison of bids and we will advise the Issuer as to the best bid. We will provide the Issuer with our recommendations as to acceptance or rejection of such bid.
- 13. As soon as a bid for the Debt Instruments is accepted by the Issuer, we will proceed to coordinate the efforts of all concerned to the end that the Debt Instruments may be delivered and paid for as expeditiously as possible. We will assist the Issuer in the preparation or verification of final closing figures incident to the delivery of the Debt Instruments.
- 14. We will maintain liaison with Bond Counsel in the preparation of all legal documents pertaining to the authorization, sale and issuance of the Debt Instruments. Bond Counsel will provide an unqualified legal opinion as to the legality of the issuance of the Debt Instruments at the time of delivery.
- 15. If requested, we will counsel with the Issuer in the selection of a Paying Agent/Registrar for the Debt Instruments, and will assist in the preparation of agreements pertinent to these services and the fees incident thereto.

- 16. In the event formal verification by an independent auditor or any calculations incident to the Debt Instruments is required, we will make arrangements for such services.
- 17. We agree to do, or cause to be done, all work incident to pertaining of the Debt Instruments, obtaining approval, as may be required by the Attorney General, registration by the Comptroller of Public Accounts and delivery to the purchaser. The expenses associated with the printing of the debt instruments will be paid by the Issuer.
- 18. After the closing of the sale and delivery of the Debt Instruments, we will deliver to the Issuer a schedule of annual debt service requirements on the Debt Instruments. In coordination with Bond Counsel, we will assure that the Paying Agent/Registrar has been provided with a copy of the authorizing ordinance, order or resolution.
- 19. We will attend any and all meeting(s) of the governing body of the Issuer, its staff, representatives or committees as requested and at the Issuer's expense, at all times when we may be of assistance or service and the subject of financing is to be discussed.
- 20. We will advise the Issuer and its staff of changes, proposed or enacted, in Federal and State laws and regulations which would affect the municipal bond market.
- 21. We will work with the Issuer, its staff and any consultants employed by the Issuer in developing financial feasibility studies and analyzing alternative financing plans.

IV.

In addition to the services set out above, we agree to provide the following services when so requested:

- 1. We will provide our advice as to the investment of certain funds of the Issuer. We will, when so directed, purchase those investments authorized to be purchased and we will charge a normal and customary commission for each such transaction.
- 2. We will provide our advice and assistance with regard to exercising any call and/or refunding of any outstanding Debt Instruments.
- 3. We will provide our advice and assistance in the development of, and financing for, any capital improvement programs of the Issuer.
- 4. We will provide our advice and assistance in the development of the long-range financing plan of the Issuer.
 - 5. We will provide any other financial planning services as may be requested by the Issuer.

V.

The fee due Estrada Hinojosa & Company, Inc. in accordance with Appendix A attached hereto, any other fees as may be mutually agreed and all expenses for which Estrada Hinojosa & Company, Inc. is entitled to

reimbursement,	shall become	due and payal	ble concurrently	with the delivery	of the Debt	Instruments t	to the
purchaser.							

VI.

This agreement shall become effective at the date of acceptance by the Issuer set out herein below and remain in effect thereafter for a period of five years from the date of acceptance. Provided, however, this Agreement may be terminated with or without cause by the Issuer upon thirty (30) days' written notice. In the event of such termination, it is understood and agreed that only the amount due to Estrada Hinojosa & Company, Inc. for services provided and expenses incurred to the date of termination will be due and payable, including a pro rata share of the annual fee. No penalty will be assessed for termination of this Agreement. This Agreement is submitted in triplicate originals. When accepted by the Issuer, it, together with Appendix A attached hereto, will constitute the entire Agreement between the Issuer and Estrada Hinojosa & Company, Inc. for the purposes and the considerations herein specified. Acceptance will be indicated by the signature of authorized officials of the Issuer together with the date of acceptance on all three copies and the return of two executed copies to Estrada Hinojosa & Company, Inc.

VII.

We agree to maintain in full force and effect throughout the term of this agreement errors and omissions insurance in an amount not less than Two Million Dollars and No Cents (\$2,000,000.00) and to furnish Issuer a duplicate policy of our errors and omissions insurance. We shall give Issuer a minimum of thirty (30) days written notice in the event of cancellation or material change in terms of our errors and omissions insurance.

Respec	tfully submitted,						
ESTRA	ADA HINOJOSA & COMPANY, INC.						
By:	Authorized Representative

ATTEST:							
(SEAL)							

Appendix A

In consideration for the services rendered by Estrada Hinojosa, we will be paid an annual fee of \$30,000, paid in arrears, each year on the anniversary date of this contract. Should the Authority issue debt during any given contract year, the annual fee, or a pro rata share of it, will be reduced based on the fee for the issuance of debt as outlined below. In no case will we be paid less than the annual fee in any given contract year. Our fee for each issue of debt instruments will be as follows on any given transaction or issue:

Base Fee - Any Issue - \$4,550

Plus	\$ 7.85	per \$1,000 up to	\$ 500,000	or	\$ 8,475	for \$500,000 Bonds*
Plus	7.35	per \$1,000 next	500,000	or	12,150	for \$1,000,000 Bonds
Plus	4.20	per \$1,000 next	1,500,000	or	18,450	for \$2,500,000 Bonds
Plus	3.15	per \$1,000 next	2,500,000	or	26,325	for \$5,000,000 Bonds
Plus	2.35	per \$1,000 next	5,000,000	or	38,075	for \$10,000,000 Bonds
Plus	1.30	per \$1,000 next	10,000,000	or	51,075	for \$20,000,000 Bonds
Plus	1.05	per \$1,000 over	20,000,000			

It is also understood and agreed that we will charge, in addition to our Financial Advisory fee, a computer fee to be negotiated on a case-by-case basis.

<u>Grant/Loan Programs</u> – For financings involving grant or loan programs from governmental agencies like TxDOT, Estrada Hinojosa will charge an additional fee to be negotiated on a case-by-case basis.

<u>Revenue Bond Issues</u> – Fees for Revenue Bond Issues shall be the amount shown plus a 25% additional charge.

Refunding Issues – Fees for Refunding Issues shall be the amount shown plus a 25% additional charge.

It is also understood and agreed that we will charge, in addition to our Financial Advisory fee, a computer fee to be negotiated on a case-by-case basis.

<u>Private Concession, Sale, Lease or Market Valuation</u> – For transactions of the Authority resulting in the grant of a concession for the right to design, construct and finance a project by a private entity which also holds (or will hold) a leasehold interest in, or the right to, operate and retain resources from the project, EH will be paid a fee equal to 30.0 basis points (0.30%) times the total project costs including costs associated with construction, engineering, right-of-way acquisition (exclusive of donated property), and any up-front payments to the Authority up to the maximum amount of \$2,000,000.

^{* &}quot;Bonds" means par amount plus net premium or minus net discount.

In consideration for services unrelated to debt issuance, our fee will be as follows:

Principal/Senior Bankers \$225 per hour Other Professionals \$150 per hour Administrative Support \$75 per hour

Estrada Hinojosa & Company, Inc. will only bill on an hourly basis for projects outside the scope of what is covered in our annual retaining and after approval of the Authority prior to commencing work.

Estrada Hinojosa & Company, Inc. will bill the Issuer at Closing for each issue of Debt Instruments a Net Amount which will include a fee calculated on the above schedule as well as costs and expenses, where applicable, incurred on behalf of the Issuer for Bond Counsel (provided the Issuer has requested and that Estrada Hinojosa serve as its Agent in the payment of Bond Counsel fee), preparation, printing and distribution of the Notice of Sale, Official Statement, Uniform Bid Form or Private Placement Memorandum, independent consultants, information meetings, if any, presentation to rating agencies, rating fees and travel expenses to rating/insurance meetings, if any, printing of the Debt Instruments, and all appropriate costs and expenses can be paid out of the costs of issuing the debt instruments as such issues occur.

The payment of reimbursable expenses that we have assumed on behalf of the Cameron County RMA shall NOT be contingent on the delivery of debt instruments and shall be due at the time that services are rendered and payable upon receipt of an invoice with supporting documentation. We may choose, at our option, to wait until the issuance of debt to invoice for reimbursable expenses.

Incidental Costs

In view of the fees quoted above, Estrada Hinojosa will request that reasonable and actual travel and other expenses be reimbursed as authorized by the Issuer. Generally, such expenses will be associated with travel between the Authority and Dallas.

EXHIBIT B DISCLOSURE STATEMENT REQUIRED

BY

MUNICIPAL SECURITIES RULEMAKING BOARD

This Disclosure Statement is provided by Estrada Hinojosa & Co., Inc. ("Municipal Advisor") to **CAMERON COUNTY REGIONAL MOBILITY AUTHORITY** ("Client") in connection with the Municipal Advisor Engagement Letter (the "Agreement") and is dated as of the same date as the Agreement. This Disclosure Statement provides information regarding conflicts of interest pursuant to MSRB Rule G-42(b) and the events required to be disclosed to Client pursuant to MSRB Rule G-42 (c)(ii).

Part A (Disclosures of Conflicts of Interest)

MSRB Rule G-42 requires that municipal advisors provide to their clients disclosures relating to any <u>actual or potential</u> material conflicts of interest, including certain categories of potential conflicts of interest identified in Rule G-42, if applicable.

Accordingly, Municipal Advisor makes the following disclosures with respect to material conflicts of interest in connection with the Scope of Services under the Agreement, together with explanations of how Municipal Advisor addresses or intends to manage or mitigate each conflict. To that end, with respect to all of the conflicts disclosed below, Municipal Advisor mitigates such conflicts through its adherence to its fiduciary duty to Client, which includes a duty of loyalty to Client in performing all municipal advisory activities for Client. This duty of loyalty obligates Municipal Advisor to deal honestly and with the utmost good faith with Client and to act in Client's best interests without regard to Municipal Advisor's financial or other interests.

In addition, because Municipal Advisor is a broker-dealer with significant capital due to the nature of its overall business, the success and profitability of Municipal Advisor is not dependent on maximizing short-term revenue generated from individualized recommendations to its clients but instead is dependent on long-term profitability built on a foundation of integrity, quality of service, and strict adherence to its fiduciary duty. Furthermore, Municipal Advisor's supervisory structure, leveraging our long-standing and comprehensive broker-dealer supervisory processes and practices, provides strong safeguards against individual representatives of Municipal Advisor potentially departing from their regulatory duties due to personal interests. The disclosures below describe, as applicable, any additional mitigations that may be relevant with respect to any specific conflict disclosed below.

1. Compensation-Based Conflicts. If fees due under this Agreement are partially based on the size of a bond Issue and contingent upon the delivery of the bonds, this form of compensation has the potential to create a conflict of interest. While customary in the municipal securities market, the potential conflict of interest arises from the incentive for a Municipal Advisor to recommend unnecessary financings or financings that are disadvantageous to Client, or to advise Client to increase the size of the issue. This conflict of interest is mitigated by the general mitigations described above.

2. Other Municipal Advisor or Underwriting Relationships. Municipal Advisor serves a wide variety of other clients that may from time to time have interests that could have a direct or indirect impact on the interests of Client. For example, Municipal Advisor serves as municipal advisor to other municipal advisory clients and, in such cases, owes a duty to such other clients just as it does to Client under this Agreement. These other clients may, from time to time and depending on the specific circumstances, have competing interests, such as accessing the new issue market with the most advantageous timing and with limited competition at the time of the offering.

In acting in the interests of its various clients, Municipal Advisor could potentially face a conflict of interest arising from these competing client interests. In other cases (such as a broker-dealer that engages in underwritings of new issuances of municipal securities by other municipal entities), the interests of Municipal Advisor to achieve a successful and profitable underwriting for its municipal entity underwriting clients could potentially constitute a conflict of interest if, as in the example above, the municipal entities that Municipal Advisor serves as underwriter or municipal advisor have competing interests in seeking to access the new issue market with the most advantageous timing and with limited competition at the time of the offering. None of these other engagements or relationships would impair Municipal Advisor's ability to fulfill its duties to Client.

3. **Broker-Dealer Business**. Municipal Advisor is a broker-dealer that provides underwriting services to its clients, in addition to serving as a municipal advisor. Such underwriting activities may be undertaken on behalf of, or as counterparty to, current or potential investors in the securities of Client. These other clients may, from time to time and depending on the specific circumstances, have interests in conflict with those of Client, such as when their buying or selling of Client's securities may have an adverse effect on the market for Client's securities, and the interests of such other clients could create the incentive for Municipal Advisor to make recommendations to Client that could result in more advantageous pricing for the other clients. Any potential conflict arising from Municipal Advisor effecting or otherwise assisting such other clients in connection with underwriting transactions is mitigated by means of such activities being engaged in on customary terms under an active and long-standing regulatory structure, thereby reducing the likelihood that the interests of such other clients would have an impact on the services provided by Municipal Advisor to Client under this Agreement.

At this time, there are no *actual* material conflicts of interest known to Municipal Advisor in connection with the current Agreement. Municipal Advisor has listed the *potential* conflicts of interest to comply with MSRB Rule G-42.

Part B (Disclosures of Information Regarding Legal Events and Disciplinary History)

MSRB Rule G-42 requires that municipal advisors provide to their clients certain disclosures of legal or disciplinary events material to its client's evaluation of the municipal advisor or the integrity of the municipal advisor's management or advisory personnel. The following legal or disciplinary events may be material to Client's evaluation of Municipal Advisor or the integrity of Municipal Advisor's management or advisory personnel:

- 1. In March 2012, the Municipal Advisor paid a \$10,000 fine to settle a FINRA enforcement matter arising from the late filing of Final Official Statements.
- 2. In July 2015, the Municipal Advisor paid a \$17,500 fine to settle a FINRA enforcement matter arising from the late and/or inaccurate reporting of municipal bond trades.
- 3. In September 2015, the Municipal Advisor settled an enforcement action brought by the United States Securities and Exchange Commission as a result of their Municipal Continuing Disclosure Initiative (MCDC). As part of the settlement, the Municipal Advisor paid a \$40,000 fine.

A full report of the Municipal Advisor's disciplinary history, including the events summarized above, can be found on the Municipal Advisor's Form MA and Form MA-I filings. These filings are available online in the EDGAR database maintained by the United States Securities and Exchange Commission at this location: https://www.sec.gov/cgi-bin/browse-edgar?company=estrada+hinojosa&owner=exclude&action=getcompany

The SEC permits certain items of information required on Form MA or MA-I to be provided by reference to such required information already filed by Municipal Advisor in its capacity as a broker-dealer on Form BD or Form U4 as applicable. The disclosures filed on Form MA and Form MA-I were all filed on Form BD or U4 for the applicable event. Detailed information provided by Municipal Advisor on Form BD or Form U4 is publicly accessible through reports generated by FINRA's BrokerCheck at http://brokercheck.finra.org. For purposes of accessing such BrokerCheck reports, Municipal Advisor's CRD number is 19299.

The disclosure items listed above were all related to the Underwriting business segment of Estrada Hinojosa & Co., Inc.; not from any activity relating to our Municipal Advisory business segment. The events themselves were technical in nature and did not involve any investor harm or market disruption. The Municipal Advisor last updated Form MA on September 1, 2016.

Part C Future Supplemental Disclosures

As required by MSRB Rule G-42, this Disclosure Statement may be supplemented or amended, from time to time as needed, to reflect changed circumstances resulting in new conflicts of interest or changes in the conflicts of interest described above, or to provide updated information with regard to any legal or disciplinary events of Municipal Advisor. Municipal Advisor will provide Client with any such supplement or amendment as it becomes available throughout the term of the Agreement.

Sincerely,

Estrada Hinojosa & Company, Inc.

Estrada Hinojosa + Company, Inc.

DISCLOSURE STATEMENT REQUIRED

BY

THE STATE OF TEXAS

Estrada Hinojosa hereby represents and warrants that the following statements are true and correct:

- (a) Pursuant to Section 2270.002, Texas Government Code, Estrada Hinojosa hereby represents that it does not Boycott Israel (as defined in Section 2270.002, Texas Government Code) and, subject to or as otherwise required by applicable Federal law, including, without limitation, 50 U.S.C. Section 4607, the Lender agrees not to Boycott Israel during the term of this Agreement.
- (b) Estrada Hinojosa hereby acknowledges that (a) Estrada Hinojosa does not engage in business with Iran, Sudan or any foreign terrorist organization and (b) Estrada Hinojosa is not listed by the Texas Comptroller as described in Section 2252.152 of the Texas Government Code.

Sincerely,

Estrada Hinojosa + Company, Inc.

Estrada Hinojosa & Company, Inc.

NOTIFICATION REQUIRED BY MUNICIPAL SECURITIES RULE MAKING BOARD RULE G-10 INVESTOR EDUCATION AND PROTECTION

The rule referred to requires us to provide you with information related to municipal advisory services provided by Estrada Hinojosa & Co., Inc. ("EH"). Please note that EH is registered with the United States Securities and Exchange Commission ("SEC") and the Municipal Securities Rulemaking Board ("MSRB"). As such, EH is subject to the regulations and rules established by the SEC and MSRB which apply to municipal advisory activities.

The website for the SEC is www.sec.gov and the website for the MSRB is www.msrb.org. In addition to having educational materials about the municipal securities market, the MSRB website has an investor brochure that describes the protections that may be provided by the MSRB Rules and how to file a complaint against EH or an EH representative with the FINRA Investor Complaint Center.

2-F CONSIDERATION AND APPROVAL OF SUPPLEMENTAL WORK AUTHORIZATION NO. 2 TO WORK AUTHORIZATION NO. 21 WITH S&B INFRASTRUCTURE FOR THE WEST RAIL TRAIL.

SUPPLEMENTAL WORK AUTHORIZATION NO. 2 TO WORK AUTHORIZATION NO. 21

This Supplemental Work Authorization No. 2 is made as of t	this,
2021, under the terms and conditions established in t	he AGREEMENT FOR GENERAL
CONSULTING CIVIL ENGINEERING SERVICES, dated as	of May 10, 2018 (the "Agreement"),
between the Cameron County Regional Mobility Authority ("Au	uthority") and S&B Infrastructure, Ltd.
("GEC").	• ,

The work to be performed by the GEC under this Supplemental Work Authorization is for the following purpose, consistent with the Services defined in the Agreement: *Professional services including:* providing engineering services for the preparation of Plans, Specifications & Estimates (PS&E) & related documents and Construction Phase support services for the proposed West Rail Trail from Palm Blvd to Interstate 69E (CSJ: 0921-06-293) in Cameron County.

Section A. - Scope of Services

GEC shall perform the Modified Services for Function Code 110 according to **Exhibit B-2**. All other Scope items under original work order and subsequent supplementals shall still apply.

Section B. – Schedule – No Change

Section C. – Compensation

The overall maximum amount of \$779,684.90 still applies but shall include a redistribution of the fee as shown on **Exhibit D-2**. Compensation shall be in accordance with the Agreement.

Section D. – Authority's Responsibilities – No Change

The Authority shall perform and/or provide the services as stated in Exhibit A in a timely manner so as not to delay the Services of the GEC.

Section E. - Other Provisions – No Change

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

LIST OF EXHIBITS

Exhibit B - 2 – Scope of Work Exhibit D - 2 – Cost Proposal

EXHIBIT B-2 Services to be Provided by the GEC

County: Cameron

Project: PS&E - West Rail Trail

CSJ: 0921-06-293

The following FC 110 items will replace the existing FC 110 items with respect to geotechnical borings and investigations on Work Authorization 21 – West Rail Trail PS&E. All other scope items are applicable and still in effect.

ROUTE AND DESIGN STUDIES (FC 110)

GEOTECHNICAL BORINGS AND INVESTIGATIONS – PAVEMENT DESIGN (The work for this task will not be Modified)

The **Engineer** shall determine the location of proposed soil borings for bridge design and pavement design in accordance with the latest edition of the State's Geotechnical Manual.

1. The **Engineer** shall undertake the following drilling program:

Borings for Trail***: 30 Holes @ 6' depth (***2000 ft increments)

Total 30 Borings Total Linear Footage – 180 linear feet

- 2. All geotechnical work should be performed in accordance with the latest version of the State's Geotechnical Manual. All testing shall be performed in accordance with the latest version of the State's Manual of Test Procedures. American Society for Testing Materials (ASTM) test procedures can be used only in the absence of the State's procedures. All soil classification should be done in accordance with the Unified Soil Classification System.
- 3. The Engineer shall provide a signed, sealed and dated geotechnical report which contains, but is not limited to, soil boring locations, boring logs, laboratory test results, generalized subsurface conditions, ground water conditions, analyses, and recommendations for slope stability of the earthen embankments, skin friction and design capacity curves including skin friction and point bearing.
- 4. The **Engineer** shall provide Grain Size Distribution Curves with D₅₀ values at 1 location for the project. If the bridge borings indicate rock, the Engineer shall include a Rock Quality Designation (RQD) for each of the borings provided in this area to determine the stability of the rock for use during scour analysis.
- 5. The **Engineer** shall sign, seal and date soil boring sheets if applicable to be used in the PS&E package. The preparation of soil boring sheets must be in accordance with a State's District standards.
- 6. Pavement Design: The **Engineer** shall provide a signed and sealed pavement design report to reflect a flexible pavement structure.

GEOTECHNICAL BORINGS AND INVESTIGATIONS – STRUCTURAL FOUNDATION DESIGN (The Work for this task has been added.)

The **Engineer** shall determine the location of proposed soil borings for traffic signal foundation design in accordance with the latest edition of the State's Geotechnical Manual.

1. The **Engineer** shall undertake the following drilling program:

Traffic Signal Borings:

4 Holes @ 40' depth

Total 4 Borings

Total Linear Footage – 160 linear feet

- 2. All geotechnical work should be performed in accordance with the latest version of the State's Geotechnical Manual. All testing shall be performed in accordance with the latest version of the State's Manual of Test Procedures. American Society for Testing Materials (ASTM) test procedures can be used only in the absence of the State's procedures. All soil classification should be done in accordance with the Unified Soil Classification System.
- 3. The **Engineer** shall provide a signed, sealed and dated geotechnical report which contains, but is not limited to, soil boring locations, boring logs, laboratory test results, analysis of Traffic Signal Foundations based on TxDOT standards.
- 4. The **Engineer** shall sign, seal and date soil boring sheets to be used in the PS&E package. The preparation of soil boring sheets must be in accordance with a State's District standards.
- 5. The **Engineer** shall incorporate soil boring data sheets prepared, signed, sealed, and dated by the **Engineer**.

SUPPLEMENTAL WORK AUTHORIZATION NO. 1

TO WORK AUTHORIZATION NO. 5

This Supplemental Work Authorization No. 1 is made as of this	day of	, under
the terms and conditions established in the AGREEMENT FOR GE	ENERAL CONS	ULTING
ENGINEERING SERVICES, dated as of May 10, 2018 (the "Agreemer	nt"), between the	Cameron
County Regional Mobility Authority ("Authority") and Halff Associate	s, Inc. ("GEC").	

The work to be performed by the GEC under the Supplemental Work Authorization is for the following purpose, consistent with the Services defined in the Agreement:

Preliminary Engineering for development of a design schematic and related services for improvements to Whipple Road in Cameron County, Texas.

Section A. - Scope of Services

GEC shall perform the following Services according to: No additional services are being performed.

Section B. - Schedule

GEC shall perform the Services and deliver the related Documents according to the following schedule:

See Appendix B, Schedule.

Section C. - Compensation – No additional compensation.

Section D. - Authority's Responsibilities

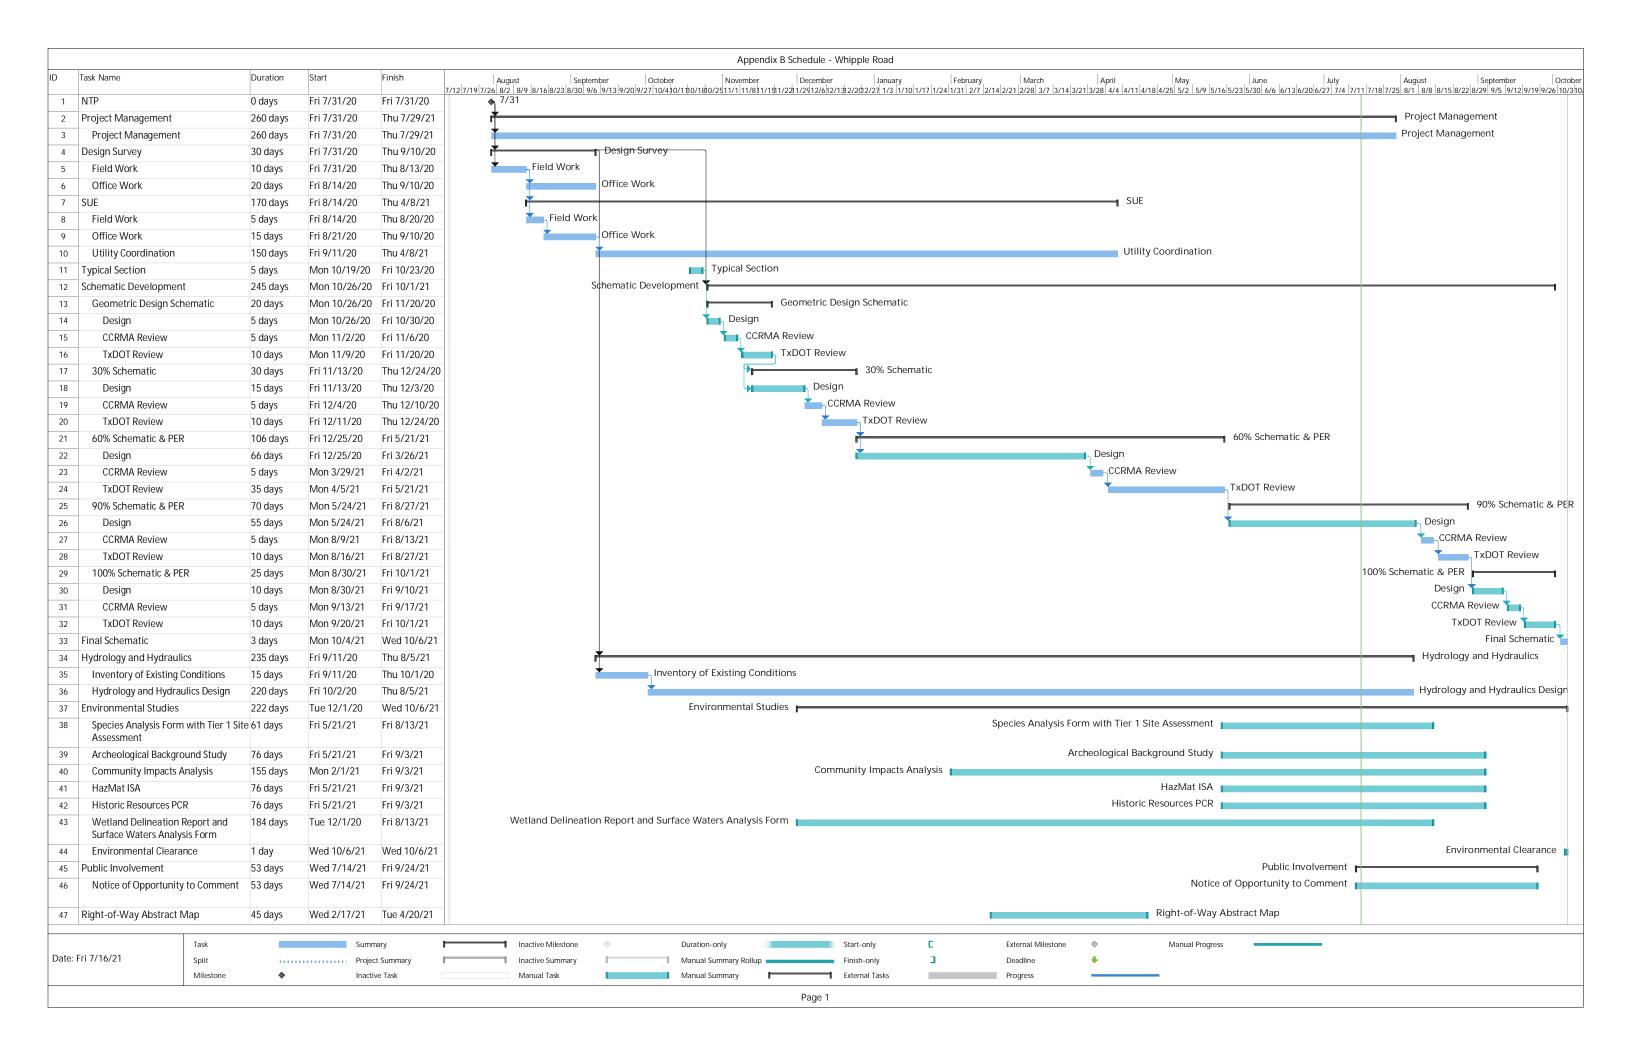

The Authority shall perform and/or provide the services as stated in Exhibit A in a timely manner so as not to delay the Services of the GEC.

Section E. - Other Provisions

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

This Supplemental Work Authorization shall become effective on the date of final acceptance of the parties hereto and shall terminate on 12/31/21, unless extended by a Supplemental Work Authorization.

2-H DISCUSSION AND POSSIBLE ACTION TO APPROVE 100% COMPLETE CONSTRUCTION PLANS FOR THE CAMERON COUNTY PARKS ISLA BLANCA TOLL BOOTHS AND PROCEED TO ADVERTISE FOR BIDS FOR CONSTRUCTION IN AUGUST 2021.

2-I	CONSIDERATION AND APPROVAL OF RESOLUTION REGARDING WEST RAIL TRAIL PROJECT AND AUTHORIZING CHAIRMAN PARKER TO SIGN ANY NECESSARY DOCUMENTS.

THE STATE OF TEXAS COUNTY OF CAMERON

RESOLUTION

BE IT RESOLVED THAT ON THE 22nd DAY OF July 2021, THE CAMERON COUNTY REGIONAL MOBILITY AUTHORITY CONVENED IN REGULAR SESSION, AND UPON THE REQUEST OF THE CAMERON COUNTY REGIONAL MOBILITY AUTHORITY BOARD OF DIRECTORS, THE FOLLOWING ITEM WAS OFFERED AND ADOPTED, TO WIT:

"CONSIDERATION AND APPROVAL OF RESOLUTION REGARDING WEST RAIL TRAIL AND AUTHORIZING CHAIRMAN PARKER TO SIGN ANY NECESSARY DOCUMENTS."

WHEREAS: Cameron County Regional Mobility Authority has partnered with the City of Brownsville and Cameron County

on the West Rail Trail Project; and

WHEREAS: Cameron County Regional Mobility Authority has prepared a TASA Application for the West Rail Trail

Project; and

WHEREAS Cameron County Regional Mobility Authority assumes responsibility for any local match required by the grant;

and

WHEREAS: Cameron County Regional Mobility Authority Staff will be submitting the TASA application to the RGVMPO

for funding consideration.

NOW THEREFORE BE IT FURTHER PROCLAIMED, that the Cameron County Regional Mobility Authority Board of Directors authorizes the Chairman to execute said documents necessary to submit a TASA application for the West Rail Trail Project.

Passed, Approved and Adopted on this 22nd day of July 2021.

CAMERON COUNTY REGIONAL MOBILITY AUTHORITY

2-J CONSIDERATION AND APPROVAL OF AN AMENDED INTERLOCAL AGREEMENT BETWEEN CAMERON COUNTY REGIONAL MOBILITY AUTHORITY AND CITY OF BROWNSVILLE FOR THE WEST RAIL TRAIL PROJECT.

STATE OF TEXAS)(
)(
CAMERON COUNTY)(

AMENDED INTERLOCAL COOPERATION AGREEMENT

THIS INTERLOCAL COOPERATION AGREEMENT is entered into by and between the CITY OF BROWNSVILLE, hereinafter referred to as "CITY", and the CAMERON COUNTY REGIONAL MOBILITY AUTHORITY, hereinafter referred to as "CCRMA", pursuant to V.T.C.A., Government Code, and Chapter 791, whereby:

WHEREAS, the CCRMA is a regional mobility authority created pursuant to the request of Cameron County and operating pursuant to Chapter 370 of the Texas Transportation Code (the "RMA Act") and 43 TEX. ADMIN. CODE §§ 26.1 *et seq.* (the "RMA Rules"); and

WHEREAS, the CCRMA, and the City, are each units of "local government" as defined in TEX. GOV'T CODE § 791.003(4); and

WHEREAS, Chapter 791 of the Texas Government Code provides that local governments may contract with each other for the performance of governmental functions and services, administrative functions as well as the purchase of goods and services in which the contracting parties are mutually interested; and

WHEREAS, this Agreement will increase the efficiency and effectiveness of the CCRMA, the City, as contemplated by Tex. Gov't Code § 791.001; and

WHEREAS, Section 370.033 of the RMA Act provides that a regional mobility authority may enter into contracts or agreements with another governmental entity; and

WHEREAS, the City and the CCRMA hereby find that the services pursuant to this Interlocal Agreement are reasonably required and that this Interlocal Agreement includes an agreement between the CCRMA and the City pursuant to Tex. Gov't Code § 791.025 to the extent applicable;

WHEREAS, on December 03, 2019, the CCRMA and CITY had entered into an Interlocal Agreement regarding the West Rail Trail Project and there is now a need to amend the Interlocal Agreement to increase the original amount by \$75,000.

NOW, **THEREFORE**, the City and the CCRMA agree to the following terms:

- 1. PURPOSE OF INTERLOCAL COOPERATIVE AGREEMENT: To authorize the CCRMA to continue with the Plans, Specifications, and Estimates, and complete any project development activities to develop the project to a Ready-to-Let Status for construction and any other coordination required by TxDOT.
- 2. PROJECT TO BE COMPLETED: Landscape Architectural services for the West Rail Trail Project.

3. CCRMA HEREBY AGREES TO:

- a. To coordinate with the City on the landscape design and coordination with any state and federal agencies on any issues during the landscape design phase.
- b. To provide monthly progress reports of activities to the CITY.

4. CITY HEREBY AGREES TO:

- a. To provide additional funding in the amount of \$75,000.
- 5. It is specifically understood and agreed that in the event insufficient funds are appropriated and/or budgeted concerning the obligations under this Interlocal Cooperation Agreement on behalf of either of the Parties, then the Party with the insufficient funds shall notify the other Parties and this Interlocal Cooperation Agreement shall thereafter terminate and be null and void on the last day of the fiscal period for which appropriations were made without penalty, liability, or expense to the Party.
- 6. Any payment made by either party will be made from current revenues of the paying party.
- 7. This Interlocal Cooperation Agreement constitutes a one-time Agreement between the Parties and does not constitute a continuing Agreement for the CITY and, CCRMA. The Interlocal Cooperation Agreement expires upon the first to occur of when the Projects are completed or a 30 day termination notice is given by either CITY or CCRMA.
- 8. The Rules, Regulations and Orders of the CCRMA shall govern this Interlocal Cooperation Agreement and the Parties agree that the CCRMA shall supervise the performance of this Interlocal Cooperation Agreement. It is also agreed that the CCRMA has the authority to employ personnel to engage in other administrative or governmental functions and services necessary to fulfill the terms of this Agreement.
- 9. This Interlocal Cooperation Agreement shall have no legal force or effect until such time as it is properly Adopted and Approved by the CITY OF BROWNSVILLE COMMISSION and the CAMERON COUNTY REGIONAL MOBILITY AUTHORITY BOARD OF DIRECTORS.

Executed on	this day of	, 2021.

2-K	CONSIDERATION AND ACCEPTANCE OF THE SH 550 ASSESSMENT BY HALFF & ASSOCIATES.

July 8, 2021 AVO 32870.015

Pete Sepulveda, Jr. Executive Director Cameron County Regional Mobility Authority (CCRMA) 3461 Cameron Avenue Rancho Viejo, Texas 78575

RE: SH 550 Maintenance Assessment Report

Limits: IH69E to SH48 County: Cameron County

Dear Mr. Sepulveda,

This letter is to inform you that the maintenance assessment, per Work Authorization No. 15 for SH 550 from IH69E to SH48, has been completed.

Attached is the SH 550 Maintenance Assessment Report with findings, photos, and considerations.

Sincerely,

HALFF ASSOCIATES, INC.

Miles T. Bullion, PE, CFM

Project Manager

Executive Summary

Halff Associates, Inc. and DBE partner TEDSI Infrastructure Group contracted with Cameron County Regional Mobility Authority (CCRMA), to provide corridor visual maintenance assessment engineering services to develop a Maintenance Asset Report for SH 550 from IH69E to SH48, approximately 10.0 miles in Cameron County, Texas.

Assessment

The field inspection was conducted via multiple visits from May 13th to May 24th, 2021. In general, SH 550 appears to be in adequate condition, however, it needs routine maintenance. The following Maintenance Asset Report details issues /concerns with each type of asset. These areas of concern should be addressed to ensure the longevity of SH 550.

In general, cracking of the asphalt was observed along the northbound and southbound lanes' shoulders. The more prevalent cracking in the asphalt pavement was noted along the Northbound lanes. No evidence of recent crack sealing operations was observed. Cracking was noted at most transitions between asphalt pavement and concrete pavement. Much of the concrete rip-rap around the bridge abutment was found to have vegetation growing within the joints. Erosion around the bridge abutment concrete rip-rap, edge of the pavement, and side slopes were found from FM 511 to SH 48. Drainage structures visually appear to be in good structural condition but need cleaning. Roadside safety elements were noted as requiring maintenance. Most of the signage was intact; however, multiple delineators were noted as missing or damaged.

The following list the items which the CCRMA should prioritize addressing:

- 1. Repairing the erosion on Bridge Header Slopes and areas where pavement is being undermined.
- 2. Crack Sealing followed one year by Seal Coat, including any necessary repairs in areas of alligator cracking.
- 3. Pavement Markings/Signs and Delineators.
- 4. Bridge joint Clean and Seal

SH 550 Maintenance Assessment Report

Limits: IH69E to SH48 Cameron County Regional Mobility Authority

Halff Associates, Inc. and DBE partner TEDSI Infrastructure Group contracted with Cameron County Regional Mobility Authority (CCRMA), to provide corridor visual maintenance assessment engineering services to develop a Maintenance Asset Report for SH 550 from IH69E to SH48, approximately 10.0 miles in Cameron County, Texas.

This Maintenance Asset Report is intended to serve as documentation required per: 23 U.S. Code § 129

Miles Bullion, P.E. (Project Manager – Halff); Chris D. Caron, P.E. (QA/QC – Halff); Benjamin A. Luna, E.I.T. (Inspector – Halff); Victor Longoria, E.I.T. (Inspector – TEDSI) completed the field inspection from May 13th and May 24th, 2021. The weather conditions on the days of the field inspections were overcast and cool.

Photos, measurements, and suggestions presented throughout the report are categorized by asset type:

- 1. <u>Pavement:</u> assessed and documented pavement condition and maintenance activities and/or needs in relation to current service life
- 2. <u>Bridge Class Structures:</u> reviewed TxDOT bridge inspection reports and assessed field conditions in relation to said reports, documented maintenance activities and/or needs
- 3. <u>Drainage Structures:</u> assessed and documented drainage structure condition and maintenance activities and/or needs in relation to desired performance
- 4. <u>Roadside Safety Elements:</u> assessed and documented roadside safety element condition and maintenance activities and/or needs in relation to desired performance
- 5. <u>Signage:</u> assessed and documented roadside safety element condition and maintenance activities and/or needs in relation to desired performance
- 6. <u>Pavement Markings:</u> assessed visually, not by use of reflectivity measurements, the condition, and maintenance activities and/or needs in relation to desired performance
- 7. <u>Geotechnical:</u> assessed slopes, erosion, and other geotechnical assets to evaluate general stability in relation to desired performance
- 8. Miscellaneous

Appendix A captures additional documentation of various assets throughout the corridor. A legend of where photos were taken can be found on page 14 of this document.

PV16: Transverse Cracking – NBML E of Old Alice

PV12: Crack in Asphalt - NBML W of RR Bridge

PV18: Crack in Asphalt – NBML E of Old Alice Rd

Generally, the northbound and southbound main travel lanes were in good condition. The majority of the cracking in the pavement was observed to have occurred along the northbound travel lanes. Cracking along the edge of pavement may be resulting from erosion and/or the growth of vegetation. Please refer to photo PV10 and PV12 for examples of such cracking. No crack seal repair was observed, and well-rooted vegetation along the edges of the pavement was typical. Transverse cracking ranging from 3' – 5' apart was observed throughout all sections of the rigid concrete pavement sections, as shown in PV16. Pieces of concrete pavement were observed to have broken off at the edge of the pavement near toll gantries. Cracking in the pavement was also noted at the transition from concrete to asphalt pavement, as shown in photo PV18.

Bridge Class Structures

B1: Bridge Joint Requiring Cleaning and Resealing – SBML E Side of RR Bridge

B4: Vegetated Rip Rap – SBML RR Bridge

Bridge structures were observed visually and looked to be in overall good condition. Many of the bridge joints needed maintenance. Joints had become full of debris and were lacking expansive joint material, as shown in photo B1. A large amount of debris was seen to have accumulated on the shoulders of the bridge decks and could be hazardous to the vehicle. Issues were noted with the non-structural concrete rip-rap located around the abutment of the bridges at multiple locations. The concrete rip-rap was seen either cracking or containing voids below the rip-rip. Herbicide is recommended to stop the growth of existing and future vegetation.

Bridge inspection reports provided by CCRMA via TXDOT were also reviewed. In general, bridge decks were in good condition, with roadway approaches to the bridges ranging from good to satisfactory condition.

Structure NBI numbers:

21-031-0-0039-08-(432,433) 21-031-0684-01-(238,245,246,250,251,252,253) 21-031-362201-(001,003,255,261)

Drainage Structures

D4: Overgrown Vegetation at Culvert Crossing – SMBL South of RR Crossing No. 1

D5: Stone Rip Rap Failure – Ditch No. 3

D2: Silt Accumulation at Stream Crossing – SBML North of RR Crossing No. 1

D6: Silt Accumulation at Culvert Crossing – NBFR North of Ditch No. 3

During the site evaluation, multiple drainage structures were found with overgrown vegetation and silt accumulation due to erosion, as observed in photos D4, D2, and D6. Silt accumulation in the culverts has reached a critical level that can impede flow. As seen in photo D5, the existing stone rip rap has experienced failure as the erosion has cut through and remove part of the structure. CCRMA should perform drainage maintenance to clear vegetation and silt at drainage structures and perform repairs at the stone rip rap failure at Ditch #3.

Roadside Safety Elements

R3: Object Marker Knocked Down – SBML South of RR Crossing No. 1

R5: MBGF Separated from Posts. – NBFR South of Old Alice Rd

R2: Object Marker Down – SBFR South of RR Crossing No. 1

R6: Cracked PCTB - SBML Toll Gantry No. 3

The permanent concrete traffic barrier (PCTB) along SH 550 was noted to experience some vertical cracking at the toll plazas but appears superficial and does not impact its functionality. The majority of the barrier is in satisfactory condition.

A common feature observed along SH 550 is the missing or knocked-down object markers installed at MBGFs, culverts, and pavement edges for delineation. Object markers help locate existing culverts for maintenance and cleaning that can otherwise be hidden from sight. CCRMA should regularly monitor and consider the replacement of damaged object markers along SH 550.

The MBGF and end treatments along SH 550 were observed to be in good condition with no apparent damage from vehicles. However, various segments of MBGF are experiencing some separation between the rail and posts. CCRMA should consider addressing these MBGF deficiencies.

Signage

S3: Rotated Speed Limit Sign – SBML South of RR Crossing

S2: Damaged Foldable Sign – SBML North of RR Crossing No. 1

S4: Rotated Warning Sign - NBML RR Crossing No. 1

S6: Tilted Warning Sign – SBML North of Old Alice Rd

Signage along SH 550 is currently in fair condition but does require some maintenance as numerous signs were either tilted, rotated, or completely broken. This partly due to apparent high winds and existing soil conditions. Maintenance is required on all SH 550 signs to make them viewable for motorists.

It is recommended that CCRMA perform maintenance to the affected signs, as well as consider alternative mounting alternatives for the SH550 segment.

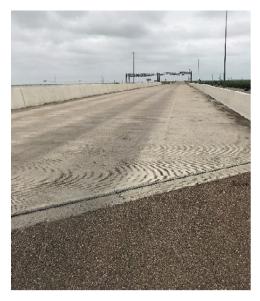

Pavement Markings

PM3: Faded Pavement Markings at Bridge – NBML South of RR Crossing No. 1

PM5: Faded Pavement Markings at Bridge Approach – NBML South of RR Crossing No. 1

PM4: Faded Pavement Markings at Bridge – NBML at FM 1847

PM6: Faded Pavement Markings at Bridge – NMBL at Toll Gantry No. 2

SH 550 pavement markings appeared to be mostly in fair condition, except for the pavement markings at the following bridges and toll gantries, where they appear to be non-existent:

- FM 1847 (NBML and SBML)
- FM 3248 (NBML and SBML)
- RR Crossing #1 (NBML and SBML)
- Toll Gantry #1 and Toll Gantry #2 (NBML and SBML)

Restriping of SH 550 is recommended, with attention to the concrete areas, so that visibility is not hindered to motorists during nighttime and limited visibility conditions.

Geotechnical

G1: Sign Riprap Exposed Due to Erosion – SBML South of RR Crossing No. 1

G3: MBGF Post Exposed Due to Erosion – NBML North of FM 1847

G2 Run Off Erosion at Front Slope-SBML North of RR Crossing No. 1

G5: Run Off Erosion at Front Slope – SBML North of RR Crossing No. 1

It is apparent that erosion issues are affecting SH 550 roadway segment. Front slope erosion at the main lanes appears to be causing functionality issues with soil stability, sign foundations, and MBGF foundations. Front slope erosion is evident in Photos G2, and G5 and these conditions can be observed throughout the SH 550 segment. As seen in Photo G1, the soil under the ground mounted large sign rip rap has been eroded. Also, in Photo G3, MBGF foundations are exposed and can lead to erosion and washout of existing soils if they are not adequately sealed. The recently added curb behind the guardrail appears to help with front slope erosion. These issues should be addressed by alternative soil stabilization techniques and MBGF maintenance to prevent future erosion issues.

Geotechnical (Cont.)

G8: Run Off Erosion at Front Slope – SBML North of FM 1847

G9: Run Off Erosion at Front Slope With exposed Roadway Flex Base and Subgrade – SBML North of FM 1847

G16: Run Off Erosion Created Void Under Flume – SBML South of FM 1847

G17: Run Off Erosion Caused by Ineffective Flume – NBML North of FM 1847

The addition of the curb behind the guardrail improved, to some degree, the existing erosion issues that the front slopes were experiencing. The improvements may have alleviated those issues, but it has also introduced additional areas of concern. When comparing the photo from the 2020 field inspection to that of Photo G8 (same location), the amount of erosion damage has increased dramatically. The water runoff is now being concentrated toward the MBGF ends, creating additional runoff velocities and volume that exceeds the flume capacity/catchment area. The existing flume is unable to handle the additional runoff and requires further improvements. Photo G9 is the same location taken as Photo G8, and it is observed that the roadway flex base/subgrade is severely exposed. Roadway structure failure is expected unless the problem is rectified. Photo G16 is the result of erosion causing voids under the flume due to runoff not being contained within the existing flume. The same can be said for Photo G17, where two erosion channels were created and were not adequately handled by the existing flume. While the maintenance enhancements have been effective in some areas along SH 550, CCRMA should consider additional soil stabilization efforts and flume upgrades at these areas and throughout SH 550 to prevent further damage.

Geotechnical (Cont.)

G10: Stone Rip Rap Failure – Ditch No. 3

G13: Run Off Erosion Cutting Through Inside Median - NBML North of RR Crossing No. 3

G12 Sinkhole Next to Drain Inlet – Inside Median North of Troll Gantry No. 2

G14: Run Off Erosion Created Void Under Flume -NMBL North of RR Crossing No. 3

In addition to the previous photos, erosion is affecting other locations throughout SH 550, which are not readily apparent while driving on the mainlanes/frontage roads. In Photo G10, located between the main lane bridge structures at Ditch No. 3, erosion has cut through the stone rip rap. In Photo G12, there is an substantial sinkhole next to the drain inlet, located in the inside median North of Toll Gantry #2. While the depth was not measured, it was assumed that the hole was at least 5 feet deep. While traversing north through the median portion, it was observed that erosion has cut through the area where the illumination pole is located, as seen in Photo G13.

Further along the median, Photo G14 was observed, where the erosion has caused a void under the flume. These issues need immediate attention by alternative soil stabilization techniques and erosion control measures to prevent future erosion issues. CCRMA should perform repairs as soon as possible to avoid further damage/collapse of existing structures.

Miscellaneous

M1: Exposed Conduit/Foundation Due to Erosion – NBFR North of RR Crossing No. 1

M1: High-mast Lighting on During Daylight Hours – SBML South of Old Port Isabel Rd

Outside of our scope of work, it is worth mentioning that some illumination features caught our attention during the inspection. As seen in Photo M1, erosion has caused the exposure of the illumination pole foundation and the electrical conduit. In Photo M2, the existing high mast is burning during daylight hours. These items, as well as other miscellaneous items, should be further evaluated.

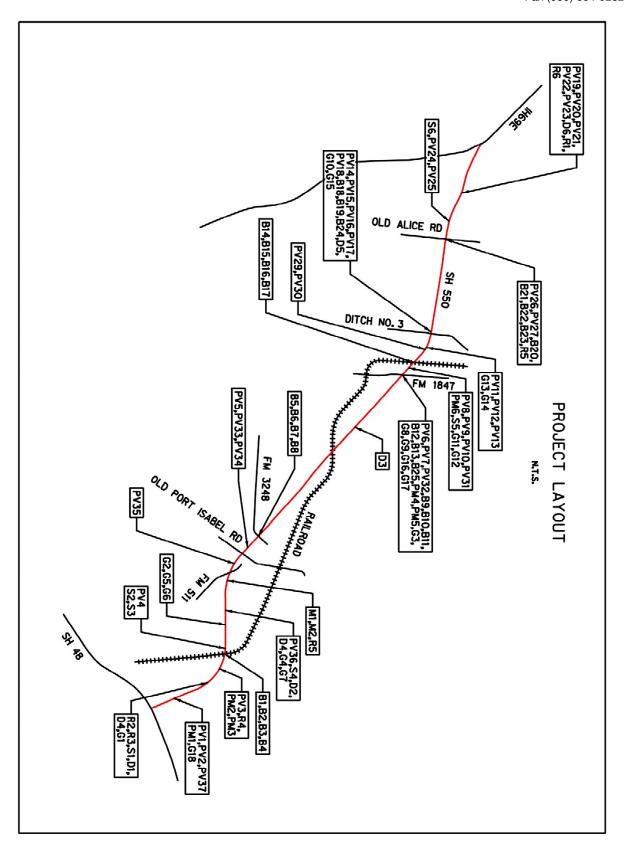

APPENDIX A

Additional Documentation

PV1: Cracking - NBML N Side of Entry Toll Gantry

PV3: Delamination of Asphalt – NBML S Side of RR Bridge

PV4: Crack in Asphalt - NBML W Side of RR Bridge

PV5: Cracks in Asphalt – NBML E of FM 3248

2-L CONSIDERATION AND APPROVAL OF THIRD AMENDMENT TO THE CAMERON COUNTY REGIONAL MOBILITY AUTHORITY PERSONNEL POLICES & PROCEDURES.

THIRD AMENDMENT TO THE PERSONNEL POLICY MANUAL OF THE CAMERON COUNTY REGIONAL MOBILITY AUTHORITY

WHEREAS, the Board of Directors of the Cameron County Regional Mobility Authority (the "CCRMA") adopted the CCRMA's Personnel Policy Manual on September 13, 2019;

WHEREAS, the Board of Directors of the CCRMA made certain amendments to the CCRMA's Personnel Policy Manual both on September 17, 2020 and on April 1, 2021;

WHEREAS, the CCRMA wishes to make additional amendments to the Personnel Policy Manual and to have the Personnel Policy Manual otherwise continue in full force and effect;

NOW, THEREFORE, this Third Amendment to the Personnel Policy Manual consists of the following amendments, effective as of July 22, 2021:

- 1. Chapter 25, Section A(3) of the Personnel Policy Manual shall be amended to state, as follows:
 - "3. COBRA, Consolidated Omnibus Budget Reconciliation Act, was enacted to ensure that employees and their dependents do not lose their health insurance when workers lose their jobs. COBRA requires group health insurance policies to permit group members to continue their insurance when they leave the group temporarily and are intended as a stopgap until insurance can be obtained from another source, such as a new employer. Under both state and federal laws, continuation requires the insured to pay the full premium (including former employers share), but the insured does get the advantage of the cheaper rate. (HIPAA and COBRA complement each other). Notwithstanding any other provision herein, COBRA benefits apply to the group health plan(s) maintained by the CCRMA provided that the CCRMA has 20 or more full-time equivalent employees. The CCRMA is under no obligation by this Policy to have at least 20 full-time equivalent employees in order to be eligible to offer COBRA benefits."
- 2. Subject to the provisions of this Third Amendment, the Personnel Policy Manual shall otherwise continue in full force and effect.

ADOPTED by the Board of Directors of the Cameron County Regional Mobility Authority on this 22nd day of July 2021.

ATTESTED BY:	Frank Parker, Jr., Chairman of the Board
Arturo A. Nelson, Secretary	

2-M	DISCUSSION AND POSSIBLE ACTION REGARDING BID NUMBER 2021-001 FOR THE CAMERON COUNTY PARKS ADMINISTRATION BUILDING.
